Herter Takes Off For Big Four Meeting

U.S. Challenges Russia To Live Up To Its Word

WASHINGTON (UPI) — Secretary of State Christian A. Herter left Friday for the Big Four foreign ministers conference at Geneva. He was hopeful but not too optimistic that progress could be made on cold war problems.

As he departed, the State Department formally challenged Russia in a note to live up to its word and seek fruitful results at the meeting. This country categorically denied Soviet charges that it had tried to sabotage the conference in advance.

The U.S. attitude on Geneva was further pinpointed by high officials who passed the word to newsmen that any high-handed action by the Russians against Berlin would break up the conference and kill any chance of a later summit meeting.

CONFERS WITH IKE

Before leaving, Herter conferred with President Eisenhower at the White House and then called on his predecessor, John Foster Dulles, at Walter Reed Army Medical Center. Dulles congratulated him on his radio-TV speech Thursday night and sped him on his way with a "good luck, Chris."

Herter was due to stop off in Bonn Saturday for discussions with West German Chancellor Konrad Adenauer. He was scheduled to arrive in Geneva Sunday for the conference which opens Monday.

In a planeside statement, Herter said he left in a "hopeful spirit" but that his expectations of success were "not too high." He said he would do his best to help clear the way for a summit meeting but talks with the Soviets take "a tremendous amount of patience."

Herter told the people in his radio-TV report Thursday night that the Allies would stand firm on such basic principles as freedom for Berlin but would make concessions on the "application"

Political Note Will Highlight Jubilee Today

RUSTON (Special) — Political fireworks are expected to explode here today at 10 a. m. when at least two gubernatorial candidates speak at City Park as part of Ruston's Diamond Jubilee.

Gov. Earl K. Long, appearing here Monday, indicated he would be present today, but has made no official announcement since.

In observance of Ruston's 75th birthday, the speeches will include addresses by gubernatorial candidates William Dodd, State Comptroller, and Rep. J. Marshall Brown, New Orleans.

Also scheduled to speak is State Atty. Gen Jack Gremillion, now on political outs with the governor.

Rep. L. D. Napper, Ruston, and Sen. B. R. Patton, Farmerville, will introduce the speakers.

20 MAYORS

Twenty mayors have accepted invitations to be Ruston's guests during this last day, proclaimed "Mayor's Day," of the Jubilee.

They are A. C. Borland, Cotton Valley; W. L. Howard, Monroe; Joe Robertson, Homer; W. L. Sanderson, Choudrant; John L. Oliver, Sunset.

R. M. Enlow, Dubach; Frank Norman, Minden; W. J. Collier, Mooringsport; A. P. Harper, Collinston; John C. Jones, Quitman; L. O. Tait, Jonesboro.

Joe Giden, Crowley; L. L. Everhardt, Simmesport; E. C. Jones, Epps; Roy Snider, Delhi; R. L. Taylor, Arcadia, Mrs. Cursey L. Marcantel, Elton and L. W. Franks, Sicily Island.

Judge Corrects Sentence Error

LAURELTON, N. J. (UPI) —A magistrate who had sentenced two teen-aged boys to a year in jail each for possession of a can of beer reduced their terms to 30 days Friday when he discovered he had overstepped the maximum penalty.

The unusually stiff sentence imposed by Magistrate Stanley J. Blair Thursday night had attracted wide attention. He turned to his law books and discovered his error.

Blair said he found that the statute provision on possession of alcoholic beverages under the minimum drinking age of 21 provided for a maximum term of 30 days.

BY HOUSE COMMITTEE

Funds For Civil Defense Slashed

WASHINGTON (UPI) — The House Appropriations Committee Friday ordered a 41 per cent slash in President Eisenhower's civil defense budget. It refused to put up any funds for creation of 4,000 new civil defense jobs at city halls throughout the country.

The committee took the action in approving a $6,845,542,940 money bill carrying funds for the Civil Defense Administration, the Veterans Administration and other independent federal offices in the fiscal year starting July 1.

In denying $12,000,000 sought by the President to help finance the city hall jobs, the committee said it had been subjected to many "pressure" letters, telegrams and telephone calls" urging creation of the new "bureaucracy." It called the proposal wasteful.

BULK TO VA

The big money measure, scheduled for House action Monday, would provide $145,348,200 less than the President requseted.

The bulk of the funds would go to the Veterans Administration. It was alloted $5,029,485,000, only $9,259,000 less than the President sought. The measure carried $43,-

JES' Ramblin'

Concert

A good sized and appreciative audience attended the Twin City Symphony performance at Northeast State College Thursday night. Dr. Harry Lemert, Dean of Northeast College was musical director. After a fine program of classic selections and the intermission, the Symphony for Young People was presented with a Monroe Youth Orchestra from the city of Monroe schools.

Directors of the program, under direction of the Monroe City school Board, were Miss Johnnie Bankhead and Howard Jackson.

The program explained that the Orchestra is organized on a semi-professional, non-profit basis. The sole basis of support is the membership of the Symphony association.

Benefit

The Civitan clubs of Monroe and West Monroe are planning as joint sponsors to present a B-B-Q for the benefit of the Mentally Retarded. It is sought to establish a sheltered workshop where those who have completed in-

Solons To Hold Alford Hearings

WASHINGTON (UPI)—A House elections subcommittee investigating the write-in victory of Rep. Dale Alford will conduct public hearings at Little Rock, Ark., Chairman Robert T. Ashmore disclosed Friday.

Ashmore, a South Carolina Democrat, said the hearings might be scheduled for June 22. The aim is to find out if there were ballot box irregularities in Alford's victory over veteran Rep. Brooks Hays, a moderate on the race issue.

AT TALLULAH

Jury Clears Waller In Death Of Youth

TALLULAH (Special) — The four-day manslaughter trial of Robert Waller Jr., 36, of Delhi, closed here at 4:05 p. m. yesterday as the jury pronounced the accused "not guilty" after deliberating an hour and fifteen minutes.

Waller was on trial for the fatal stabbing on December 21 of Frisby Flowers, 18, former Crowville football player of Monohans, Tex. The youth died Christman Eve in a Delhi clinic.

Judge Frank Voelker presided over the case held in Sixth District Court.

The stabbing climaxed a fight at Maud's Cafe in Tallulah between several teenagers, including Flowers, and Marlin Eudy, 26, of Delhi, and Waller.

Testimony reconstructed that after a verbal exchange of wisecracks Eudy attempted to get Ben Savage, 16, of Andrew, to fight him.

Witnesses said Flowers told Eudy to leave Savage alone, wherupon Eudy challenged Flowers to a fistic duel.

Flowers replied, "I came over here to hunt, not to fight," testimony brought out.

Then, witnesses testified, Eudy engaged in a fracas with Savage in which the teenager "got the best" of him.

Flowers started walking over to where Savage had Eudy down, Savage stated, and he heard Flowers say to Waller, "Do you want some of it?"

The football star was then struck behind his left ear by Waller, testimony agreed, although witnesses said they did not see the pocket knife which was entered as evidence.

Frisby said "hit him, he bursted my ear drum," a witness testified.

SUSPECTS HELD HERE

Robbery, Forced Ride Described

By AUSTIN ABRAMS
Staff Writer

A Nashville blond and two soldiers were held for Tennessee authorities here last night after telling deputies they lured a Memphis salesman to his car, forced him on a 55 mile ride at knifepoint Tuesday night, and left him tied to a tree after taking his money, car and a ring.

The two men are AWOL from Ft. Campbell, Ky., and the trio planned the scheme with the woman enticing the man to his car where he was jumped by the soldiers, Sheriff Bailey Grant said one stated.

The sheriff identified the victim as Richard M. Schaedle.

ARRESTED

West Monroe City Police arrested all three at 12:30 p.m. Thursday after noticing the out of state license on the car and that the trio acted suspiciously.

Identification used did not match any of the three persons, authorities said, and a shakedown of the car produced papers bearing Schaedle's name.

All were jailed by West Monroe Police under suspicion of car theft.

Yesterday sheriff deputies questioned the prisoners which Grant identified as Robert Oliver Sarver, 22, of Pittsburgh, Pa.; Gerland Waine Davidson, 22, of Norton, Va.; and Miss Sarah Jeanette Johns, 24, of Nashville.

Grant said statements from the three held that Schaedle was stripped, and tied to the tree with his clothing.

"They said Schaedle's thumbs were tied behind a tree with his shoelaces, his neck with his tie, and his legs were bound with his belt", Grant added.

Schaedle was left about 3 a.m. Wednesday and the trio told authorities they drove through Mississippi arriving in Monroe about 7 that night. They reported registering at a West Monroe Motel and said they were headed for California when arrested.

Grant said Davidson gave a statement claiming the incident happened in this manner.

Davidson said all three were together in Nashville Tuesday night and since he and Sarver were

Parish Solons Pledge Effort For NE Funds

Sen. James Sparks, Rep. Gilbert Faulk and Rep. Lawrence Gibbs yesterday pledged themselves to get $1-million for Northeast State College in the fiscal session of the Legislature opening Monday.

Speaking for the group, Sparks said the Ouachita delegation was "unified" in its efforts to obtain funds for the Monroe college.

Sparks, Faulk and Gibbs met with college president Dr. George Walker at lunch and discussed the institution's financial needs.

In Baton Rouge Thursday, the State Board of Education recommended that Northeast be allocated only $700,000 in the Legislature, a figure far below requests originally filed by the college.

FUNDS USE

The $700,000 would be spent for sidewalks, parking lots and roadways, but in reports made to the legislative budget committe, Dr. Walker outlined immediate needs totaling $3,550,000.

"We are unified in our efforts to get at least $1-million, Sparks said in an interview following the meeting. Earlier in the day Gibbs said he hoped the entire northeast Louisiana delegation would join in the move for at least $1-million.

Previously, officials in Baton Rouge indicated that all nine state colleges would be allocated $1-million.

On the reduction to $700,000, Faulk said, "That is quite a surprise, especially since we were led to believe that all colleges would get a million dollars."

SESSION

The session opens at the capitol Monday at noon.

In a long-range program to take care of increased enrollment, Dr. Walker said the school would need about $14-million.

But for the present, he outlines the college's needs as follows:

1. Roadways, sidewalks, park-

British To Send Tanks, Bombers Sought By Iraqi

LONDON (AP)—Britain has decided to give military aid to Iraq in an attempt to stem the Red tide threatening the government of Premier Abdel Karim Kassem.

Britain will send a substantial number of jet bombers and tanks, responsible sources said. The decision was reached inside Prime Minister Harold Macmillan's Cabinet in answer to an Iraqi request.

A formal government statement announced the decision is expected in the House of Commons early next week, perhaps Monday, authorities said.

The decision marks the resolution of a three-month argument among experts in London. Some, along with colleagues in the United States, were inclined to write off Iraq as a potential Soviet satellite.

Others argued that Iraq's army is the only thing standing between the Communists and complete power in Baghdad. The latter group apparently dominated in Cabinet discussions.

Government leaders appear to have decided, too, that the value of arms for Iraq outweighs the effect the step may have on President Gamal Abdel Nasser of the United Arab Republic, bitter enemy of the regime of Iraq's Gen. Kassem.

U.S. Rejects All Bids For Island

WASHINGTON (AP)—The government Friday rejected all 23 bids received March 9 for famed Ellis Island in New York Harbor.

Franklin Floete, General Services administrator, said the highest bid received was not reasonable in view of the government's investment in the property and of the inherent value of the island.

The high bid was $671,000 by Sol G. Atlas, Yonkers, N.Y. who proposed putting the island to private use.

The government has invested $6,326,000 at Ellis Island.

Partly Cloudy Skies Prospect

Residents of the Twin City area have prospects of clear to partly cloudy skies and warm temperatures this weekend, according to the federal forecast.

Yesterday the mercury almost reached the nineties, but stopped just short at 87. The low was 69. Friday's readings were 90 and 68.

Widely scattered thundershowers are forecast for Arkansas today and tomorrow.

Accused Slayer Freed By Jury

CHICAGO (UPI) —A jury of seven men and five women returned a verdict of innocent Friday, after 21 hours of deliberation in the bizarre "spyglass murder" trial of Barry Z. Cook.

Police officers, who had spent months preparing what they thought to be an open-and-shut case, were dejected and had no comment to make.

Cook had been accused of bludgeoning to death Margaret Gallagher, 50, a beauty operator, on a North Side beach July 22, 1956.

A hospital administrator, Dr. Arthur K. Besley, watched the fatal attack through binoculars, supplying the "spyglass murder" tag to the crime. Besley was unable to identify Cook as the killer.

Cook, who was taken from Stateville Prison at Joliet while serving a 1-to-14-year sentence for attacks on women to stand trial, will be returned to finish the sentence.

Victim Of Hammer Attack

Mary Kay Kalb, 7, was reported in critical condition Friday in St. Louis with compound skull fracture, and suburban Brentwood police said her next-door neighbor, Richard W. Marcellus, 31, has admitted attacking her with hammer. The child had gone to the home of Marcellus, a bachelor, to play table tennis with him when she was injured. (AP Wirephoto)

Charge On Hiring Killer Is Denied

WASHINGTON (UPI) — Boilermaker Union Vice President Joseph McCollum denied a charge by a fellow union official Friday that he once planned to hire a killer to murder a union member. McCollum promptly took a lie detector test that tended to support his denial.

A similiar lie detector test on his accuser, Leland F. Head, business manager of Houston, Tex., Boilermaker Local 74, was described as inconclusive.

The tests were administered by the Office of Naval Intelligence immediately after Head aired his charge and McCollum his denial at a hectic hearing of the Senate Rackets Committee.

NOT CONCLUSIVE

Committee Counsel Robert F. Kennedy said the operator of the polygraph machine reported that in his opinion McCollum was telling the truth when he stated he never discussed hiring a killer.

Kennedy said the operator reported that the machine did not show any conclusive reaction by Head.

Kennedy said the committee would send the transcript of their

3,200 Persons Appeal In Vain For Fugitive

COLUMBUS (UPI)—William Oliver Reagin, Georgia's most wanted fugitive, has been ordered returned by Gov. Michael V. DiSalle, despite protests by 3,200 Chillicothe residents.

Reagin, 36, escaped to Ohio a year ago from the Macon Branch Prison at Montgomery, Ga. He married and got a job as a service station attendant at Chillicothe.

Police arrested him a few weeks ago on a tip from Georgia authorities. They claim Reagin had escaped twice from prison and was a dangerous criminal sentenced to a total of 42 years in prison.

Reagin was one of 29 prisoners who broke their legs with sledge hammers three years ago to avoid alleged brutality in the Buford, Ga., penal rock quarry.

Upon Reagin's arrest, Chillicothe residents signed petitions asking the governor not to order him back to Georgia. They said Reagin had become a useful citizen in their community and would be mistreated in Georgia.

Girl Is Missing, Fear Foul Play

BATON ROUGE (AP)—Officers Friday feared foul play in the strange disappearance of 13-year-old Dorothy Felder, who left home Monday to attend school at East Baton Rouge Junior High School and did not return.

Sheriff's deputies said they checked all her friends and failed to come up with any clue to her whereabouts. The check extended to surrounding towns.

'OBJECTIVES ACHIEVED'

Navy Sub Missile Is Perfect In Test

CAPE CANAVERAL, Fla. (UPI) —A Polaris test rocket, forerunner of the Navy's submarine-launched ballistic missile, made the first perfect flight in the advanced development phase of the weapon Friday.

The Navy said preliminary data on the test indicated that "all test objectives were achieved." Sources close to the project said this was the first completely successful flight of a test rocket with the size and shape of the operational Polaris.

The 30-foot rocket, shaped like a bowling pin, never faltered during the two minutes its two solid-fuel stages burned. The flight was in sharp contrast to earlier tests in the trouble-plagued development program.

At 3:28 p.m. E.D.T., the Lockheed-made rocket bolted from its launching stand with the characteristic speed of solid-fuel rockets and scooted across a clear sky.

About 55 seconds later, the lower section of the two-stage vehicle dropped away and the second stage continued under power for another minute. Then it quit, apparently on schedule, and the only remaining evidence of the flight was the customary long trail of white smoke left by the rocket.

The Navy said the primary objectives of the flight were to test "separation of the first and second stages, flight control reactions, and systems performance of the solid propellant motors." There were several secondary objectives not disclosed.

The Navy added that "range and impact accuracies were not primary test objectives."

However, it was learned that the rocket's nose cone landed very near the prescribed impact area more than 700 miles down the Atlantic Tracking Range.

Nile River Outing Has Tragic End

CAIRO (UPI) — Panic-stricken passengers of a leaking pleasure steamer scrambled to one side of the vessel as it neared shore Friday, causing the ship to keel over within feet of the bank. Officials estimated as many as 200 persons were drowned.

The sinking was believed to be the worst Nile tragedy in years. Aboard the steamer, the Dandarah, were government workers and their families on an outing. Most of the victims were trapped in the two-decker vessel, which sank rapidly. Virtually all the dead were citizens of the United Arab Republic.

CHILDREN DIE

Eleven bodies were recovered before Frogmen gave up search efforts for the night. Many of the dead were children. Police said 86 passengers were known to have swum ashore safely, while 26 others were rescued and hospitalized. The rest were missing and presumed drowned.

The exact number of persons on the vessel was not known, but authorities estimated the total around 350. The Interior Ministry, in a communique reporting the disaster, asked the public to provide any information on missing persons as help in compiling casualty figures.

Police estimated that at least 100 children under the age of 12 were aboard the steamer.

The vessel, owned by the U.A.R. Ministry of Works, was taking the employes and their

Long Pledges Half Of Hike For Teachers

BATON ROUGE (AP) — Gov. Earl Long said Friday he will approve half the 10 million dollar teacher pay raise his budget committee recommended and go along with the second half on condition September oil leasings bring around 30 million.

The governor, resting at Winnfield in preparation for Monday's opening of the 30-day fiscal session, will address a joint session Wednesday night.

"I cannot and will not promise what I know in good conscience and intelligence I cannot guarantee just to get votes, when I will be confronted again with a no-tax increase vote," Long said.

But Long added provisions would be made for the second half of the proposed pay raise should the money develop in new oil leasings.

In addition to some 17 million in capital outlay for Louisiana State University and the nine state colleges, he is wrapping together another 25 million package for bridge projects and the long-awaited Industrial Canal tunnel at St. Claude Avenue in New Orleans.

Long, who says he is running for a fourth term for governor, plans to resign some time in September to get around the constitutional ban against a governor being his own immediate successor.

On Sept. 17, the state mineral board will conduct its first leasing of state lands and waterbottoms since the fabulous February ses-

AWOL, decided to rob a man and steal his car.

"We planned to have Jeanette entice some fellow out of a bar and Robert and me would jump him as soon as he got to his car", the statement by Davidson said.

He said they figured to leave the victim tied to a tree in the woods.

"We went to the Subway Bar about midnight Tuesday, saw a man and decided to roll him," the young man continued.

When the girl and Schaedle came outside, Davidson said he and Sarver followed them to the 606 Club next door. After a while the girl and man came out and went to their car which the other two young men had been watching from across the street.

"Robert and Me went to the car when Jeanette and the man got there, and Robert held a hunting knife at the man's throat", Davidson said.

"I got into the back seat and held the knife on the man's throat while Robert drove. Jeanette was in the front seat," he continued.

According to the statement the three went by the girl's house to get her clothing and then headed toward Memphis.

After about 55 miles they pulled off the highway and drove about 10 miles into the woods.

"We made the man get out of the car and tied him to a tree", Davidson's statement said.

Schaedle was bound and gagged with his handkerchief.

"We tied him to the tree and warned him not to leave for a good while. It was about 3 or 3:30 Wednesday morning when we left him," Davidson added.

Davidson said Schaedle wasn't physically hurt but threatened with death if he resisted.

Schaedle worked himself free and got to the highway where he notified the Tennessee State Patrol, a Nashville source said last night.

Grant said that Tennessee authorities had been notified of the arrests and that all three had refused to sign waivers of extradition.

Accident Victims' Conditions Seen As Satisfactory

Three Northeast College students injured in a car-truck crash that killed another student at Start Thursday, were reported in satisfactory condition last night.

Hospitalized are Phillip Crothers, 26, Tallulah; Louis V. Richardson, 19, Rayville; and Billy Ray Stewart, 23, Tallulah.

All are in the St. Francis Hospital.

Funeral services for Miss Ruth Elaine McEacharn 20, of Delhi, who died in the accident, are pending the arrival of relatives.

Robbery Suspects

Two soldiers and a Nashville woman are being held under suspicion of armed robbery and auto theft after one of the men told authorities the trio robbed a Memphis salesman and left him tied to a tree near Centerville, Tenn., Tuesday night. The woman has been identified as Sarah Jeanette Johns, 24, center is Gerald Waine Davidson, 22, and Robert Oliver Sarver, 22, right. All were arrested Thursday by West Monroe police and told deputies about the incident yesterday, Sheriff Bailey Grant said last night.

Group Seeks Stiffer Laws On Narcotics

BATON ROUGE (AP)—Top law enforcement and legislative officials meet here Monday to put the final touches on a measure to stiffen state laws on synthetic narcotics.

State Polcie Supt. John Nick Brown said he will meet with the State Sheriff's Narcotics Committee and the joint Legislative Committee on Narcotics, headed by Rep. Richard J. Bertrand of Lafayette.

Sheriff A. P. Prejean of Terrebonne Parish heads the sheriffs group, which is pressing for better narcotics laws.

Brown said the measure would be offered in the fiscal session of the Legislature opening next week. Such a measure probably would require three-fourths approval of the Legislature to gain introduction as an emergency bill.

State police Capt. John R. Thomas said about seven artificial narcotics not covered by Louisiana law are on the market. Addicts are learning about them, he said, and they know they will not be prosecuted if picked up by state authorities.

Federal, State Courts To Try Flying Bandit

HAMILTON, O. (UPI) — Flying bank bandit Frank Sprenz will be tried in both federal and state courts for robbing the Plaza branch of the First National Bank of Hamilton last March 2.

Prosecutor Robert Marrs said Sprenz, 29, will be arraigned here on or about May 21. He said the decision was made after conferring with federal authorities in Cincinnati, where the accused robber is scheduled for trial in U.S. District Court May 20.

Marrs said under a U.S. Supreme Court ruling, the suspect may be tried in both federal and state courts on the same charge, since the offense represents a violation of both federal and state law.

Sprenz, who was captured in Mexico last month, will be arraigned here for robbery of a financial institution and grand larceny. The latter charge involves an airplane allegedly stolen by Sprenz in making his escape with about $26,000.

Army Engineers Favor Louisiana Bayou Project

WASHINGTON (AP) — Army engineers notified Sen. Allen J. Ellender Friday their district and division officers have reported favorably on a proposed fresh water bayou navigation project in Louisiana.

The project would involve enlarging the bayou to provide a waterway from Abbeville, La., to the Intracoastal Canal. The waterway would have a channel 12 feet by 125 feet with one lock and dam.

Estimated cost of the project would be $7,434,000 to the federal government and $175,000 to local interests.

Castro Gets Big Welcome Home Party

HAVANA (UPI)—Premier Fidel Castro came home Friday to a hero's welcome after a 23-day unofficial tour of the United States, Canada and Latin America.

President Manuel Urrutia, members of the cavinet, the chiefs of the armed forces and Castro's mother were among those greeting him at the airport which was jammed by thousands of welcomers.

Castro's 57-man party, including his brother Raul, landed at Havana's Jose Marti (Rancho Boyeros) international airport from a Cuban Britannia turbo-jet airliner. Raul flew to Trinidad Thursday to join Fidel.

Two revolutionary air force fighters escorted the Britannia into Havana.

An army detachment presented arms as Castro descended the ladder, and a group of women strewed flowers on his path. Castro was off the plane four minutes after it landed and the first thing he did was to embrace his mother. President Urrutia was next to greet him.

The ambassadors of all countries visited by Castro in his tour were among the welcomers, including Philip Bonsal, of the U.S.

The original reception plan called for Castro to fly by helicopter from the airport to the civic square in Havana for a popular welcome, but he decided to go by car after learning that thousands were lining both sides of the Rancho Boyeros Avenue waiting for a chance to see him and wave to him.

Labor leaders estimated that at least 300,000 had turned out to welcome Castro. All offices, stores, shops and factories in the Havana area closed at noon to allow the workers to take part in the reception.

Serious Injury In Eye Suffered By 6-Year Old

A six-year-old Millsaps student is under hospitalization for a serious eye injury sustained at the school while he was playing.

He is Johnny Roy Green, son of Mr. and Mrs. Virgil Green, 212 Riggs St.

Injury to the child's eye was inflicted by a steel rod pushed through a hole in the wall by another student, it was reported. Johnny was looking through the hole in the wall and was struck in the right eye.

NLSC Geology Prof To Talk At Tech Meet

John H. McCarter, Jr., associate professor of geology at Northeast State, tonight will address Sigma Gamma Epsilon, geological fraternity chapter at Louisiana Polytechnic Institute, at the organization's annual banquet.

Attending the affair will be fraternity members, their dates, and the petroleum and geology faculty, Edward Orton, professor of geology and sponsor of the organization, announced.

"What Is a Geologist?" will be discussed by McCarter as he points out to future geologists what will be expected of them in the profession. He also will explain what types of jobs are available in that field and the duties corresponding to various kinds of work.

He will relate experiences which they may have, places to which they may go, and the type of life that is characteristic of most geologists.

EX-MEMBER

McCarter, a former member of the Louisiana Tech faculty, is working on the "Geology of Lincoln Parish" for the doctoral dissertation.

He holds the B. S. and M. S. degrees from Louisiana State University and has completed most of his studies for the Ph. D. at the university. Before joining the Northeast State faculty, McCarter worked approximately eight years in the Louisiana Geological Survey, a branch of the Louisiana Department of Conservation.

Prior to his affiliation with the Geological Survey and after leaving that post he has been an independent geologist consultant.

Official Of Rink Here Is Slugged, Left Unconscious

Witnesses told police last night a 21-year-old skating rink floor supervisor was slugged unconscious by a man who fled on foot as the supervisor attempted to get into his car on Walnut Street about 10:15.

Police arrived before the victim, Clifford Barr, 121 Blanks St., in West Monroe gained full consciousness.

Barr was hustled by ambulance to the Wright Bendel Clinic, but walked to the ambulance.

Skating rink officials told police there had been a little friction in the past few days between a customer and the management.

However none were positive who slugged Barr.

The young man was taken inside the rink where he regained consciousness several minutes after he was hit.

Barr's assailant slugged the young man with his fist, witnesses said.

WINNSBORO (Special) — Funeral services for Gilbert Laird, 77, who died early Friday at a rest home in Winnsboro, are scheduled for 10 a.m. Saturday in Gay's funeral home chapel in Delhi. Dr. John Gibson will officiate. Interment will be in the Delhi Masonic cemetery.

Mr. Laird is survived by four nephews and four neices.

Pallbearers will be R. G. May, J. B. Smith, Kelley Russell, L. E. Tharp, R. L. Finley, and H. F. Morris.

Accident Victim Still Hospitalized

RUSTON (Special) — Frank Jones, 50-year-old Downsvile man, remained in a serious condition Friday night in a local hospital following a head-on collision between his car and a butane truck on the Farmerville highway Thursday.

John H. Cotton, driver of the Dixie Gas Co., truck, is being held on charges of negligent injury, said State Trooper Bruce Thompson.

The collision was described as "head-on" and occured about eight miles northeast of Ruston.

Union Strikes At Hospitals In New York

NEW YORK (UPI)—Some 3,800 non-professional workers went on strike Friday against six New York hospitals in defiance of a state Supreme Court order.

The union, which is seeking bargaining recognition, threatened to call strikes at nine other hospitals, where an additional 3,800 workers were employed.

The six private, non-profit hospitals immediately affected placed nurses on extra duty and called in volunteers to help care for about 2,500 patients. The Greater New York Hospital Assn. said conditions were nearly normal.

Attorneys for the hospitals said they would institute civil contempt proceedings against the union, its officers and organizers for calling the strike despite a court ban.

A spokesman for the hospital association said that hospitals were planning to hire replacements for the workers who left their jobs.

The strike began at 7 a.m. e.d.t. while Mayor Robert F. Wagner was presiding over a night-long mediation session at City Hall. The meeting broke up at 8 a.m.

The strike was ordered by Local 1199 of the Retail Drug Employes Union. Picket lines were formed at these hospitals: Mount Sinai, Beth David, Beth Israel, Lenox Hill, Bronx and Brooklyn Jewish.

Pickets scuffled with police at Beth Israel on Manhattan's Lower East Side when notified that the number of pickets would have to be limited to five. Ten strikers were taken to a police station and issued summonses for disorderly conduct.

The strikers for the most part were laundry workers, porters, elevator operators, orderlies, electricians, plumbers and other maintenance personnel. The union said that 80 to 85 per cent were Negro or Puerto Rican.

The hospital association said that pharmacy and X-ray technicians did not participate in the strike. There was no disruption of operating rooms.

An order banning any strike until Tuesday was signed Thursday by state Supreme Court Justice Samuel I. Gold. The union had no comment to make on its defiance of the order. A strike against the hospitals had been threatened by the union for weeks.

The hospitals have refused to recognize the union as bargaining agent. Employes of the city-supported, voluntary hospitals are not covered by federal or state labor legislation because they are in a non-profit industry.

J. Edgar Hoover Feted At Lunch

WASHINGTON (AP)—J. Edgar Hoover, 64, who will observe his 35th anniversary as FBI director on Sunday, was guest of honor Friday at an exclusive luncheon.

Only three persons were present —Hoover; his host and boss, Atty. Gen. William P. Rogers; and their mutual friend, Vice President Richard M. Nixon. The three men had lunch at a downtown hotel.

The arrangements were in line with word passed by Hoover that he did not want any big to-do over his 35th anniversary.

Big Threat Inside

While the United States justifiably spends many billions in preparation for repelling any attack that Russia might launch against this country, a threat inside the country itself, which might be worse than that posed by Soviet Premier Nikita Khrushchev, is building up. That menace lies within James R. Hoffa and his gangster - ridden International Teamsters Union.

Without any interference from congress or the federal government, Hoffa is steadily pressing forward with his plans to build a super-union embracing all forms of transportation—land, air and sea. Such a union could paralyze the nation overnight, even though workers in plants in other fields remained on the job. They could almost immediately be cut off from supplies and production would come to a grinding and disastrous halt.

Armed with such power, Hoffa could easily turn the country over to Communists, either those within the nation or those in the worldwide movement headed by Soviet Russia. There has been nothing in his conduct, including his close association with notorious criminals, to indicate that he would hesitate to sell this country out if it would enhance his chances of gaining absolute control over world transportation. He is known to be harboring ambitions of world power through control of land, sea and air traffic. His ruthlessness in dealing with criminals is convincing evidence that he would stop at nothing.

While we prepare to resist Russian aggression we harbor in our bosoms this man and his organization which have potentialities more deadly than those of any viper of any nation.

With this going on, congress dilly-dallies around with legislation more aimed at giving Hoffa absolute power than at curbing labor's legal right to deal in atrocities and to dictate the lives of supposedly free men and women in every phase of life.

The wishy - washy and weak-kneed way in which the whole problem of ambitious and power-seeking labor leaders is being approached by the federal government is well illustrated in the fact that Hoffa can go right along with such a plan, unhampered from any direction.

His Teamsters Union was expelled from the A.F.L.-C.I.O. It is under a federal monitorship. Hoffa himself three times has escaped criminal conviction in federal court on amazing courtroom technicalities. On one occasion he produced an alibi in a second trial, after a hung jury in the first. He and his attorneys had forgotten to present this alibi in the first trial. In fact, it probably was not even manufactured until a hung jury convinced them that a conviction was imminent unless they came up with something new.

Some of those Hoffa is dealing with in his super-union plan are looked upon as either outright Communists or fellow travelers. They are people who run with the Communists and endorse their causes. Hoffa is a proven associate of ex-convicts, gangsters, racketeers, mobsters and filth of the underworld.

Hoffa's Teamsters union now is firmly entrenched with longshoremen's and seamen's unions on the east and west coasts.

This includes the A.F.I.-C.I.O. National Maritime Union, with 40,000 members handling vessels out of Pacific, Atlantic and Great Lakes ports. This greatly strengthens Hoffa's dream of controlling sea transportation. It has come about despite A.F.L.-C.I.O. expulsion of the Teamsters.

It also includes Harry Bridges' independent International Longshoremen's and Warehousemen's union, with 70,000 workers on the Pacific coast and thoroughly infilarating all shipping in the new state of Hawaii. Bridges recently took the fifth amendment plea before a congressional committee when asked if he was or ever had been a Communist.

Whether or not Bridges is an actual member of the Communist party, he has always been closely tied in with the Communists. On this ground, he was saved from deportation only by a supreme court which has always returned decisions sympathetic to Communists.

He has stated he would do everything possible to prevent shipment of American arms to Nationalist China in the event of active combat between the Reds and the Nationalists. He has made it clear that he is ready to sabotage American allies through preventing United States assistance to them, if this will help the Communist cause. Bridges holds the power on the west coast to tie up ocean shipping to the far Pacific.

Another shipping union already in the Hoffa group is William Bradley's International Longshoremen's Association, with 52,000 members on the Atlantic coast. The big Great Lakes dock union is expected to join Hoffa soon. Before long he may control shipping virtually at all ports — Atlantic, Pacific and inland.

Regarding his dreams of all transportation, Hoffa said:

"We have the nucleus set up with the Teamsters and Maritime Unions. Eventually the others, including rail and air, will see the advantages of this cooperation and they'll want it too."

While congress continues to sit around and make labor legislation a partisan matter, it allows this Frankenstein monster to fatten and grow at prodigious speed, laying upon this nation a menace that may far outweigh the danger of Russian aggression. To stop this monstrous threat, there would be no need for any huge outlay of money, such as we are spending to stop Russia.

All the members of congress need to do is to look the matter squarely in the face and then vote to put a slashing stop to the tremendous power that racketeers in the labor unions, particularly the Teamsters Union, are building up.

Service In Russia

This is a tale of service station service in two countries.

The scene in Russia is described by Thomas L. Riley, widely traveled writer and photographer. In Russia the government runs everything and competition is non-existent. The consumer can like it or lump it. There are only a handful of service stations and they operate on a do-it-yourself basis, thinking nothing of the customer's soiled hands and clothes. Customers do their own pumping and the attendants are just there to take the rubles. Buildings are dilapidated and pumps are antique. The quality of the gas is low and it costs about $1 a gallon. For oil and lubricants, the customer must go elsewhere.

In the United States the customer relaxes in his car while several attendants wait on him, one filling the gas tank, another checking the oil and a third wiping the windshield. The customer is as clean and happy when he leaves as when he arives. And his gasoline costs him only about one-third as much.

GEORGE SOKOLSKY'S DAY'S

J. Edgar Hoover Nears 35 Years As FBI Head

On Sunday, J. Edgar Hoover will have been director of the FBI for 35 years which is undoubtedly a record in government service. His has been a difficult task, for the American people reject the concept of a national police force. He had to establish an organization which would serve when needed but would not bring the full weight of the federal government into police activities, which, in this country, remain local.

Hoover took over an agency of government which had become disreputable and his need was not only to give it a new and more proper orientation but also to find scope for it within our constitutional system. This, J. Edgar Hoover accomplished in spite of all the efforts of Congress and government officials to enlarge his service into a police agency. Thus Hoover has managed to lead the FBI through World War II and the Korean War without expanding it beyond civil affairs and beyond the strict limits set for it by Congress. The FBI has not become a federal police agency. It remains a bureau within the Department of Justice, under the supervision of the attorney general.

The work of the FBI nevertheless has increased and many activities not originally part of its work are now routine. For instance, over the years, it has developed enormous files of information about persons, associations, organizations, etc. It has also its large file of fingerprints. These have become available to local police throughout the country and by modern systems of communications and filing, required data is instantly obtainable, thus making the work of local police more efficient. The FBI also gathers crime statistics and has set up a proper method of uniform reporting. This has had a moral effect upon police departments, for the municipal politician who likes to falsify his statistics finds himself in difficulties with public opinion when he declines to adopt the uniform reporting method.

There is the FBI National Academy to which local police departments send promising police officers to learn the most modern methods of crime prevention and crime detection.

The FBI is charged by Congress, under the Lindbergh Law, to step into kidnapping cases, after an interval, to assist local police. This is a great advantage because county and state lines can be crossed by the FBI and it makes it more difficult for the crooks to get away. The FBI also is called into bank embezzlement cases. It is charged with protecting the United States against subversives and such fifth column activities as the Communists practice.

The FBI has maintained such a high quality of personnel and service that it has won the good will of the American people and the position of J. Edgar Hoover in American life has been extraordinary. He has placed the FBI above and beyond politics.

However, in recent years the FBI has been attacked with more violence than truth, particularly by those doctrinaire groups which run interference for the Communists. The principal charge against the FBI is that it is not as good as it is presumed to be and that J. Edgar Hoover's emphasis on subversion is either designed to enhance his personal popularity or to obtain larger appropriations from Congress.

It is only to be expected that the Communists would attack the FBI and J. Edgar Hoover and that they would employ every method available to humiliate and degrade him in the eyes of the American people and of the world. Their motive is to force his retirement, so that the FBI will become a football of partisan politics and be of no value at all. Attacks have been made upon its use of informants, without whom it cannot exist. Attempts have been made to open its files which would wreck the organization altogether because its files also contain raw material, unserviced, unscreened, and some of it perhaps untrue but retained because of leads. This is normal police practice.

In recent months reporters of certain publications have been interviewing persons associated with or antagonistic to J. Edgar Hoover, apparently with the object of getting as much about him that may be deleterious as possible. Publication of these articles seems to be delayed because there is nothing to get on an outstanding personality who has given 35 years of his life to the service of his country in fighting crime, subversion, treason and indecency on all fronts as director of the FBI.

HOLMES ALEXANDER

Strauss Attack Left-Wing Led

WASHINGTON, D. C. — Lewis Strauss, Secretary-designate of Commerce, will be confirmed by the Senate before you can say "Julius Robert Oppenheimer," which is quite a mouthful.

In fact, it is such an embarrassing collection of sonic reminders that only one member of the Interstate-Foreign Commerce Committee seems frank enough to come out with the truth.

"In my opinion," Senator Hugh Scott (R., Penna.) told this reporter, "the Democratic opposition to Admiral Strauss is political, and the basis of the political motivation is Oppenheimer."

Senator Scott was recalling that several years ago Admiral Strauss then chairman of the Atomic Energy Commission, took full responsibility for not renewing Dr. Oppenheimer's contract with the AEC. As a master physicist, Dr. Oppenheimer had helped develop the A-bomb for killing Fascists — but later resisted the development of an H-bomb to kill Communists, even though both Fascists and Communists are mortal enemies of the USA.

The AEC also found, through the investigation of a blue ribbon panel, that Dr. Oppenheimer had lied on substantial matters which related to his Communist sympathies and connections. For anybody who needs his memory refreshed on the cases of Oppenheimer and others in the general category, there is a new book entitled "For the Skeptic," by Lyle Munson, where the official testimony is edited down to readable size. For present purposes, suffice it to say that Admiral Strauss was marked for destruction by the Lunatic Left from the moment he raised his voice against Oppenheimer. If there is anybody in Washington who doesn't know this, he must have been born yesterday.

This much the daily chronicler of Washington events ought to set down in the interest of factual reporting. Other grounds for attack upon Secretary Strauss are adjacent to the central plot. For example, the two Senators from Tennessee, Kefauver and Gore, are against the Secretary because of his strong belief that private enterprise should, where possible, have preference over public enterprise. In Tennessee and nearby, public enterprise means TVA. Other liberals dislike Mr. Strauss for related reasons. Some are against him for his aloof and seemingly snooty mannerisms which appear to confirm his Bourbon attitude toward the peasantry of intellect. But when the whole indictment is added up, it comes to this sum: here is a man who is being persecuted for his opinions' sake.

It should not go unnoticed that Mrs. Clare Boothe Luce was being stoned in the same arena with Mr. Strauss. Her "crime" in this mob scene is close kin to that of Strauss, since both were telling unwelcome truths. Just as Mr. Strauss asserted by his actions that Dr. Oppenheimer was a liar, Mrs. Luce in the clearest tones possible once said of the late President Roosevelt that, "He lied us into war!" She later cited a good deal of documentation, including an intensively researched book by the late great historian Charles Beard, but proving the point will do her no more good in the mob scene than it did Mr. Strauss any good.

Clare Luce and Lewis Strauss have incurred the hatred of the egg-head left because of their individual brilliancy of mind and non-conformity with popular mythology. It is something that has happened many times in the past. The readiest precedent, I think, would be found in the celebrated trial of Socrates in the "democratic" period of the Althenian republic. The barefoot old codger cared as little about popularity as Strauss and he was as irreverent of past heroes as Mrs. Luce.

The analogy need not be overstrained. Socrates was accused and convicted of neglecting the gods of the State and of teaching mischief to the young. Today he might have been a scoffer at the State theology which puts scientists and their black magic on the altar of worship.

He might have taught his pupils to debunk the official story of how five million young Americans were invited to the death dance of World War II, how they became partners of Soviet Russia and how the seductive music still plays on.

Socrates and a lot of other nonconformists have been lynched for truth-telling. Here are two witnesses in our time to prove that it can happen again.

SYLVIA PORTER

Many Causes Of Inflation Seen

What happens when outstanding leaders in industry, organized labor and the government are shut up in a secluded mansion for days and assigned the job of deciding who is to blame for the inflation we've had since World War II and what should be done about it!

When talking in the privacy of an off-the-record round-table discussion, do the heads of industry insist it's a simple matter of prices being pushed up by wage increases — as so many industrialists are now insisting in public?

Do labor leaders retort it's a simple matter of wages following prices upward in the inflation spiral — as so many of them also are now retorting in public?

Do government officials plead it's a simple matter of both sides showing restraint and responsibility on wage and price decisions—as President Eisenhower is now repeatedly suggesting in public?

The answer to all three questions is a thumping "NO."

For three days and nights last week more than 60 top men from government, industry, labor, agriculture and education met for a series of conferences in a magnificent manor house in Harriman, N. Y., to debate what should be our nation's basic attitudes and policies on "Wages, Prices, Profits and Productivity."

This was the 15th American Assembly — a unique conference program established by Dwight D. Eisenhower when he was president of Columbia university in the hope that given a proper forum, the nation's experts could find solutions to our key public problems. It took place at Arden House, the 96-room boyhood home of W. Averell Harriman which the former N.Y. governor gave to Columbia as a site for the Assembly.

I was privileged to be a participant in this 15th Assembly and in the next few columns I'll report on what I learned. But before I get into the deep-down stuff, surely you must be a bit curious on how an American Assembly operates, what goes on at the conferences. So here goes. . . .

It was more than a year ago that Dr. Henry M. Wriston, president of the Assembly, and the Assembly's Board of Trustees decided that his conference would be devoted to prices and wages — a startlingly timely choice of subject in view of the fact that the steel negotiations are now starting.

Weeks ago each of us received from Dr. Charles Meyers of Massachusetts Institute of Technology an outsized, fat book containing six original and highly informative research papers on major price and wage issues, and we were asked to study the tens of thousands of words before we came to the Assembly.

Then, armed with our books, our own papers, impressions and convictions, we went to Arden House — and to WORK. And when I report the conferees went to Arden House to WORK, I'm not exaggerating.

The participants were divided into panels of 15 to 20. Discussions began before 9 a.m., continued with only short breaks to dinner at 7 p.m. Shortly after 8 p.m., the group convened for formal speeches. After that, small debating sessions began again. This was the procedure for three days — until this past Sunday, when all met in plenary session and came to general agreement on attitudes and policies on wages and prices.

It was in this general statement that the conferees urged an annual meeting of labor, management and government representatives so that opposing sides could try to narrow areas of disagreement on proper wage and price policies. It was in this statement that they made it clear they believe there are many more reasons for price rises than wage increases.

It was in this statement that they flatly rejected some ideas being tossed around in Congress and the Administration today — such as breaking up national unions, slapping on price and wage controls. It was in this statement that the American Assembly emphasized it was much more concerned about faster growth than about more inflation in our country.

But the formal statement isn't the story of the American Assembly! The vital news lies in the stories behind the statement. For instance, what do these authorities really think is the price outlook? I'll report this Monday.

DR. PETER J. STEINCROHN

Some Have Fear Of Plane Rides

Some time ago you wrote a column in which you recommend plane travel as the best way to overcome long distances. You said such travel causes the least amount of wear and tear on the body.

However, isn't it true that there are many persons who are under tension, both before and during airplane travel? Isn't that worse than travel by car or train for a heart patient?

Years ago I had a bad experience in a plane and, naturally, am now hesitant to fly again. Nevertheless, I would prefer to fly than pound along for hours in slower vehicles. But if I made plane reservations, I know I would become more tense and fearful as time for takeoff drew near. And I would be uneasy during the entire flight.

Would you still recommend air travel for a person like myself? Wouldn't a trip by train or automobile, although much longer, be more relaxing and restful to mind and body? What do you think?—Mr. G. C.

ANSWER: Like all others where health is concerned, the answer depends upon the solution of a personal equation. In your case, I agree that the train is ideal transportation.

I am hesitant to recommend the automobile. If your trip should take you over some of the high mountain passes we have in this country, you might end up a bigger emotional wreck than if you had taken the plane.

TIPS FOR TRAFFIC SAFETY

Regarding traffic accidents I have received a letter from the American Association of Motor Vehicle Administrators of Washington, D. C. It reads, in part:

Dear Dr. Steincrohn: As a medical man you know that it is often easier to prevent illness than it is to cure it. As traffic safety people, we, too, realize the vital importance of prevention.

That is why we are writing to you at this time . . . Thousands of people throughout the country look to you for advice on various life hazards. By including in one of your columns the safety suggestions on the attached page, you can help start them thinking "preventively" about traffic accidents . . . one of the gravest threats to life in our country today. Cordially, L. S. Harris, Executive Director.

Here is the Rx for safe driving:

Adjust your speed to suit traffic, weather and road conditions. During the 1957 year-end holidays, excessive speed was a factor in 70 per cent of highway fatalities.

Don't drive after too much celebrating. Drinking drivers are involved in more than half of all fatal auto accidents.

Don't try to drive too far or too long. Break up long motor trips by stopping periodically for coffee; and have a cup or two before driving home from that holiday party.

Do as little night driving as possible. And be especially careful at dusk — the most dangerous driving time of the day.

Remember: the difference between reckless and wreckless is alertness. Stay alert and stay alive.

Comment: Although the above tips are especially for weekend and holiday drivers, they are basically sound enough for everyday drivers.

TOP SECRET DESK

LONDON (UPI)—The government Friday began an investigation to find how a desk with the construction plans for two secret nuclear plants stuffed in a drawer was sold as government surplus. Businessman Harold Boxshall, who bought the desk, found the drawings and maps for the Aldermaston H-bomb plant and the Harwell Atomic Research Center when he opened it. He called the Aldermaston plant and the documents were returned.

OIL TANKS READY

AMMAN, Jordan (UPI)—A battery of storage tanks with room for 15,000 tons of oil have been completed at Jordan's gulf port city of Aqaba. The 12 tanks, complete with pumping equipment for direct offshore unloading, will permit the average oil tanker ship to unload in one day.

Daily Devotional

As Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up. — John 3:14.

There are many ways that we can lift up Christ, but they can largely be summarized in the statement that we best exalt Him through service to others. We can also witness for Christ by our attitude and personal conduct and demeanor. One may not qualify as a minister or even as a Sunday School teacher — but he can be on hand when the doors of his church are open and thus, through example, point others to the Gospel and acceptance of Christ as a personal Saviour.

Heavenly Father, help us to continually witness for Thee by service to others and by our own deportment and church support. In Christ's name we ask. Amen.

Charge On Hiring Killer Is Denied

(Continued From Page One)

sworn testimony to the justice department for possible perjury action. He noted, however, that lie detector tests are not admitted as evidence in federal courts.

It was Head who first volunteered to take the test after McCollum had denied Head's charge that McCollum once discussed the employment of a killer to murder Clarence Wilkins, former member of the union's Galveston, Tex., local.

Chairman John L. McClellan (D-Ark.) took him up on the offer and asked if McCollum wanted to take the test also. McCollum said "I volunteer."

Head unexpectedly injected his version of the alleged 1956 death plot while testifying about a dispute between McCollum and some members of Local 74.

He swore that McCollum wanted locals to contribute $500 each to a fund to hire a killer to murder Wilkins, who had been involved in assaults on Galveston union officials.

The sensational charge — and the quick denial—came unexpectedly as the committee unfolded a story of killings, stabbings, intra-union politics and gun-toting by union officials among the Boilermakers in the east Texas area.

The committee brought out that Wilkins had been tried but acquitted on grounds of self-defense in the 1955 union hall slaying of James Huff, business agent of his local.

The committee was informed that Wilkins was charged the next year with the bar-room stabbing of Jay D. Billingsley, another official of the local. The investigators said Wilkins served two months in jail for the stabbing.

Head said he presumed that this violence was the reason McCollum wanted Wilkins murdered. He said he refused to contribute $500 from his local to any "hired killer" fund.

McClellan asked committee counsel Robert F. Kennedy if the committee had obtained any information about the matter. Kennedy replied that the investigators were unable to substantiate the charge from other sources.

But he said that the other business agents who attended the meeting at which the fund was discussed were close to McCollum in union affairs.

McCollum, a slight man wearing dark glasses, was promptly called to the witness chair. He quickly conceded that a fund of $1,150 was raised from locals in Houston, Ft. Worth, Tulsa, and New Orleans.

But he said the purpose was not to hire a killer but to employ a special prosecutor to press the stabbing charge against Wilkins who, he said, "murdered one business agent and cut another wide open."

He said union President William A. Calvin vetoed the idea of a special prosecutor after $200 of the fund had been spent.

Hodgkin Elected To Board Post

WINNSBORO (Special) — Victor S. Hodgkins was elected by the Franklin Parish School Board yesterday as the first Guidance Counselor for parish schools.

Hodgkins, who has been an agriculture teacher as Wisner for the past eight years, received his BS degree in agriculture from LSU in 1956 and his Masters in education from Mississippi College in 1956. He qualified as a guidance conselor in 1957.

He will also supervise the summer school agriculture programs for Franklin parish.

Thomas A. Cox, agriculture teacher at Crowville, will transfer to the position vacated by Hodkins at Wisner. These changes will become effective July 1.

"Preserving for posterity" of documents and messages. Ruston Jubilee officials will bury a time capsule on the lawn of the court house to be dug up during the 1984.

Everyone who desires to put documents, messages, letters, pictures or anything else in the capsule for resurrection 225 years from now may do so by taking their materials to the Jubilee headquarters in the Radio Building on Park Avenue. The burial will take place at 2 p. m. Saturday.

The brothers of the Brush, those with full-grown beards, will participate in a shaving contest in James Stadium before the final performance of Hill - O - Rama. Time of the contest is 7:45 p.m.

At 7 p. m. just before the shaving contest, the Farmerville High School band will be presented in concert. Recognition of Farmerville and Union Parish officials will be made after the concert.

The sixth and final performance of Hill-O-Rama will be presented at 8 o'clock Saturday night. The show has been said to be the best of its type anywhere by those who have witnessed the pageant.

Immediately following Hill-O-Rama will be the climax and conclusion of the Diamond Jubilee by a colorful fireworks display.

In 1880, the first roll film for cameras was patented by George Eastman. Today, more people are taking more pictures than ever before. And more photography advertisers are investing more advertising dollars in newspapers than ever before.

Herter Takes Off For Big Four Meeting

(Continued From Page One)

of such principles if the Soviets also would give ground.

The State Department's note to Moscow, delivered to the Soviet Foreign Ministry in the Russian capital, was in reply to a Soviet note of April 21.

The Russians had charged that the United States was jeopardizing the foreign ministers conference by arming West Germany and other European allies with missiles and atomic weapons.

The U.S. reply accused the Soviets of trying to mislead the world. It said plans for delivery of the atomic weapons had been underway for more than two years, long before the prospect of a foreign ministers meeting arose.

"The United States is proceeding to the forthcoming negotiations at Geneva with a full desire to make every effort to bring them to a fruitful conclusion," it said.

"It looks to the Soviet Union to display that same attitude in accordance with the many Soviet public protestations of such a desire."

The note said the United States always has sought a "meaningful" meeting of the foreign ministers so they could reach positive agreements and narrow East-West differences.

The chief difference right now is Berlin—Russia's demand that the Allies get out and the avowed allied intention to stay.

Nile River Outing Has Tragic End

families on a Friday sabbath holiday tour.

Near Qalyab, a Nile delta town 10 miles north of Cairo, the ship sprang a leak and began to take water in mid-river. At the request of the skipper, a number of passengers were transferred to a river launch, and the steamer headed toward shore.

Crewmen tossed ropes to the bank, but as the ropes were being pulled to bring the boat in, panicky passengers pushed their way to one side of the vessel. Over-balanced on the one side, the steamer suddenly keeled over and sank quickly. Most of the passengers did not have a chance.

City Courts

WEST MONROE

Walter Bell, 46, 612 Phillips St., was fined $200 or 90 days for an aggravated battery charge by Judge Jasper Jones yesterday in city court.

The judge also fined Lemle Wade, 57, 117 Grape St., $50 or 50 days on a charge of aggravated assault and James Cooper, 48, 512 Phillips St., $25 or 25 days on a simple battery charge.

One person was assessed $20 for speeding while another forfeited a bond for the same charge.

Sheriff's Dept. Fingerprinting

JONESBORO (Special) — The 525 students of Jonesboro-Hodge High yesterday were being fingerprinted in connection with burglar of the school safe Monday night.

The boys were fingerprinted Thursday by the Jackson parish sheriff's department and the girls are being fingerprinted by a Ouachita parish juvenile officer.

Neither principal W. G. Bailey nor officials have released statements on the Monday night safe burglary

Long Pledges Half Of Hike For Teachers

(Continued From Page One)

sion when the state collected a record 59 million dollars.

On the major issue of teachers' pay, the state has been paying them 50 per cent of the salary increase authorized in the 1956 Legislature. Long's budget committee recommended making that 75 per cent, calling for 10 million more. Long favors only 62½ per cent at this time.

"With sound financing," Long said, "we think we can give an extra 12½ per cent of the 1956 pay raise now. And there is a possibility this might be cut."

Long reminded he has made several promises concerning capital outlay funds.

"I don't know what the next oil leases will bring," he said. "we estimate 18 million. The mineral board says it probably will be between 18 and 22 million.

"If we get a good break, it probably will be 30 million. If it is, the teachers will get the other 12½ per cent. We've been lucky to date."

Long told of his 25-million package plan for bridges and traffic tunnel in a mansion conference.

The New Orleans traffic tunnel was a 1948 and 1956 campaign pledge by Long, as was a new Simmesport bridge 40 miles northwest of Baton Rouge.

Highway and budget officials are not clear how the package will be presented to the Legislature, or all it includes.

As for the one-lane Simmesport bridge, demanded by Avoyelles Parish lawmakers, it's an old steel and wood structure used by trains and car traffic.

When Long was asked what was the matter with the old bridge, he barked, "It rattles to beat hell."

At this stage, the administration apparently plans to put it in first class shape.

The state is preparing to go ahead with a $1,300,000 construction of the substructure of a new bridge at Alexandria, to be completed in about a year and a half.

But the proposed new package would include roughly the difference between the $1,300,000 in hand and the total estimated cost of six million to complete the superstructure.

KiRoLi Staff To Attend Meet

The eleven-state regions V and VI of the Boy Scouts of America again will this year be directed by Jack E. Panky, scout executive of the Ouachita Valley Council. States included in these regions are Arkansas, Louisiana, Mississippi, Tennessee, Alabama, Florida, Georgia, North Carolina, South Carolina, Virginia, and Canal Zone.

Only 40 young men are selected from these states and prepared in all phases of aquatics for the summer camp program.

The training school this year will be held at Yocona, Scout camp of the Yocona Area Council, Boy Scouts of America, near Pontotoo, Mississippi, from May 31 to June 6.

Three Camp KiRoLi staff members will go with Pankey this year. They include Bob Coleman, Winnsboro; John Hopkins, Delhi; and Sammy Carriere, Winnsboro.

Exchange

Something happened when George Welch and Judge David I. Garrett selected a well known Monroe downtown hotel for their Sunday noon dinner. The two well known men were seated at separate tables not too far distant. Welch finished the meal first and proceded to take a down-to-the minute 1959 straw hat from its receptacle. The Judge followed suit later.

In the middle of the afternoon Judge Garrett phoned Welch and asked the size of the hat band in his headgear. He was told it was seven and one-half.

Then figuratively the "cat got out of the bag". The learned judge informed Welch that they had made interchange of headgears!

Late in the afternoon, the mistake was corrected and both men had a hearty laugh.

Candidates

Miss Agnes Shaw, of the West Monroe high school staff, guidance department announced candidates for Girls' State and Boys' State on the L.S.U. Campus this summer. Delegates are elected by the junior class and are selected for their outstanding qualities of leadership and scholastic ability services rendered, and cooperation.

Girls names are Judy Wilhite, Betty Carter, Sylvia Hayden and Nelba Beasley. Alternates are, Martha Norris, Biddy DuPree, Millie Hislop, Darlyn Gilbert and Judith Netherland.

Boys named are Billy Weber, Roscoe Holcomb, Tommy Head, Stephen Hamm. Alternates are Joseph Kramberg, Sidney Wilhite, Mike Lynch, and Freddie Sturdivant.

House Group Orders Civil Defense Cut

(Continued From Page One)

735,000 for civil defense, a cut of $31,235,000, and $511,400,000 for the Federal Aviation Agency, a cut of about 13 per cent.

The committee denied funds for the new civil defense jobs despite the fact they had been authorized by the last Congress to help promote civil defense. It brushed aside a plea by Civil Defense Chief Leo A. Hoegh that the "vital" program had been endorsed by such groups as the governors conference and American Legion.

The committee said the jobholders, who generally would be appointed by city mayors, would "continually exert pressure" on Congress to vote more funds for their salaries.

Besides denying funds for the jobs, the committee provided only $10,000,000 for federal contributions to states and communities for purchase of civil defense equipment, training and other technical assistance.

This was the same amount provided this year, but $15,000,000 less than the President requested for next year.

Farr Swears In Rorex To Post On School Board

Clerk of Court Dean Farr made banker George M. Rorex's appointment to the Ouachita Parish School Board official in ceremonies yesterday afternoon.

Rorex was sworn in at 3 p.m. to represent Ward 10 on the board for the unexpired term of the late W. B. Inabnet.

A bank director, Rorex is a native of Swifton, Ark. and has been a resident of Monroe for almost four years.

He is a director of the Rotary Club, Cancer Society, Salvation Army, Ouachita Parish Red Cross Unit, vice-president and director of YMCA, chairman of the parking-traffic committee of the Monroe Chamber of Commerce and director of the Lotus Club.

School board president Charles G. Wall Jr. said the choice of Rorex was a "very good appointment."

"We are honored to have a high-type man as Mr. Rorex to serve on our board," Wall said. "I'm sure he'll be an asset to the board and we are looking forward to working with him."

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. each day the code letters are different.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Airline Allotted Space For Office At Airport Here

In City Hall yesterday, H. W. McSherry, commissioner of finance and utilities, said that office space is being provided for Trans-Texas Airlines at the Monroe Municipal Airport.

Trans-Texas will pay $2.25 per square foot annually as does Southern Airlines and Delta Airlines, also using the same building.

Since the terminal is already overcrowded, the three airlines have presented plans to expand the building to the city.

McSherry said the plans are under study at City Hall awaiting a decision from the City Council. The expansion would be paid for by the city.

The airline will move into Monroe, June 1 by virtue of a recent CAB fuling authorizing a direct flight from Monroe to Houston.

McLISH NOTCHES 4TH WIN

Colavito Leads Indians To 3-1 Victory Over White Sox

By JOE MOOSHIL

CHICAGO (AP) — Rocky Colavito drove in all of Cleveland's runs and pitcher Cal McLish went the distance Friday night as the league-leading Indians defeated the Chicago White Sox 3-1.

The victory, fashioned on only three hits including a two-run, tie-breaking homer by Colavito in the sixth inning, gave the first-place Indians a three-game edge over second - place Baltimore which lost to Boston 5-0.

McLish, who lost his shutout in the fourth inning when Jim Landis cracked a homer into the left field stands, limited the Sox to five hits and gained his fourth victory against no defeats.

Sox starter Dick Donovan gave up all of Cleveland's hits before giving way to a pinch batter in the sixth. Relievers Bob Shaw and Gerry Staley held Cleveland hitless in the final three innings.

Colavito and Minnie Minoso proviced all of Cleveland's offense. Minnie singled with one out in the fourth, stole second and rode home on Colavito's single. The Sox tied it in the home half of the fourth on Landis' No. 2 homer.

With two out in the sixth, Minoso walked, went all the way to third when Donovan's attempted pick-off throw went in to right field and romped home on Colavito's seventh homer—a blast into the upper left field deck.

The crowd of 19,170 had little to cheer except for Landis' homer and a sixth inning double by Nellie Fox which stretched the diminutive second baseman's consecutive hitting streak to 13 games.

Detroit Scores In Ninth For 5-4 Win

DETROIT (AP) — Frank Bolling's triple and an error by second baseman Hector Lopez on the relay from the outfield gave the Detroit Tigers three runs in the ninth inning and a 5-4 victory over the Kansas City Athletics Friday night at Briggs Stadium.

Bolling slashed a line drive to right center and scored Harvey Kuenn and pinch runner Coot Veal. When the ball got past Lopez in short center, Bolling sprinted around third and scored easily as the Tigers bested ex-teammate Ray Herbert.

Herbert had a nifty four-hitter going into the ninth. But Kuenn led off with a single off the glove of third baseman Dick Williams. After pinch hitter Gail Harris fouled out, Lou Berberet singled Kuenn to third. Bolling hit Herbert's first pitch for the decisive blow.

The ninth inning rally made a winner out of Ray Narleski, who pitched two hitless innings and struck out two batters in relief of Don Mossi, who was lifted for a pinch hitter.

Bob Cerv's hitting had the Athletics apparently on the way to victory. He tripled home a pair of runs in the third as the A's scored three times. His sacrifice fly brought in an unearned run in the sixth.

The Tigers got to Herbert for a walk and two singles good for a first inning run. Until the ninth the only other damaging blow was Berberet's second home run in the fifth inning.

Big Klu Still In Battle For First Base Job

PITTSBURGH (AP)—Muscular Ted Kluszewski of the Pittsburgh Pirates, used mostly as a pinch hitter this season, just won't give up in his battle for the regular first base job.

The big slugger came off the bench Thursday night to start against the Philadelphia Phillies. He quickly pepped up the sagging Pirate offense with two singles and a 10th inning home run for a 5-4 victory.

Klu raised his batting average to .480 with 12 hits in 25 trips. The homer was his first of the year.

Afterward, Kluszewski observed happily that he believes he can keep right on hitting if he can play regularly. He added:

"I just know the more I play, the better I hit.

"I've never felt so great as I do this season. Last year it was a bad back. But this season my swing is smoother and I feel I'm getting more power behind it."

"As for the team," he added, "we've got as much chance as anybody else to win the pennant. A few of the fellows are in a slump now but when they start hitting, we'll be off and running."

Yanks Seek Trade With Washington

NEW YORK (AP)—The faltering New York Yankees may try to swing a deal with the Washington Senators during the latter team's visit here over the weekend.

The world champions must cut three men by Saturday night to meet the 25-player limit and they would like to use the excess talent in a trade.

General Manager George Weiss acknowledged that he may huddle with the Senators' president, Cal Griffith, during the week end series.

"When they've got you on the run, so to speak, it is usually better to wait," Weiss said. "They figure they can drive a better bargain when things are going well for them. We do the same thing."

The Yankee general manager said he would first confer with Manager Casey Stengel.

The Yankees are believed interested in the Senators' pitcher, Camilio Pascual. "A lot depends on what Casey says about that," said Weiss. "He hasn't seen Pascual pitch since spring training and I don't know whether he likes him more now, or less."

Washington is reported eager to land infielder Bobby Richardson. A possible deal would be Richardson and pitcher Tom Sturdivant for Pascual.

Players who might be cut by the Yanks include catcher Darrell Johnson, pitcher Murry Dickson, infielder Cletus Boyer and pitchers Zach Monroe, Johnny Kucks and Jim Coates.

Matherne, Harris Star In LSU Tilt

BATON ROUGE (AP) — Freshman Wendell Harris and veteran Durel Matherne combined Friday night to give the Louisiana State Purple team a 13-0 victory over the Golds—made up of the touted Chinese Bandits, defense specialists of the national football champions.

The two led a combined Go Team and White Team to accomplish what no college team did last season—score two touchdowns against the Bandits in one game.

The intrasquad game ended spring practice.

Harris, quarterback on last year's LSU freshman team, scored the second touchdown on a 33-yard run with 2:35 left in the second half.

Matherne rammed over from the one with 9:15 left in the first period for the first touchdown and freshman Tommy Neck, converted.

Harris gained 70 yards net in eight attempts for a 6.7-yard average to lead the Purple rushing.

Little Boys League

Ray Alexander pitched a no-hitter, struck out all 18 batters and hit three homers, one a grand slam, to almost single-handedly give Ouachita National Bank a 15-0 victory over Colbert's Hardward in the West Monroe Little Boys Southside League last night.

Alexander's strikeout feat and his three homers were both firsts for the West Monroe park. He walked two and hit one. Pyle and Brown was the losing battery.

Pulp and Paper beat Firestone, 6-1, in the Northside League. Aulds and Pankey was the winning battery and Brashears and Barfield were the losers. Hulsey got 2-3 for the winners.

Durham Sent To Vancouver

ST. LOUIS (AP)—Joe Durham, 26-year-old outfielder, was returned to Vancouver of the Pacific Coast League Friday by the St. Louis Cardinals.

Durham, a right-hander hitter, was used little this season by the Cards who drafted him last year from Vancouver. He was hitless in five at-bats. Durham hails from Newport News, Va.

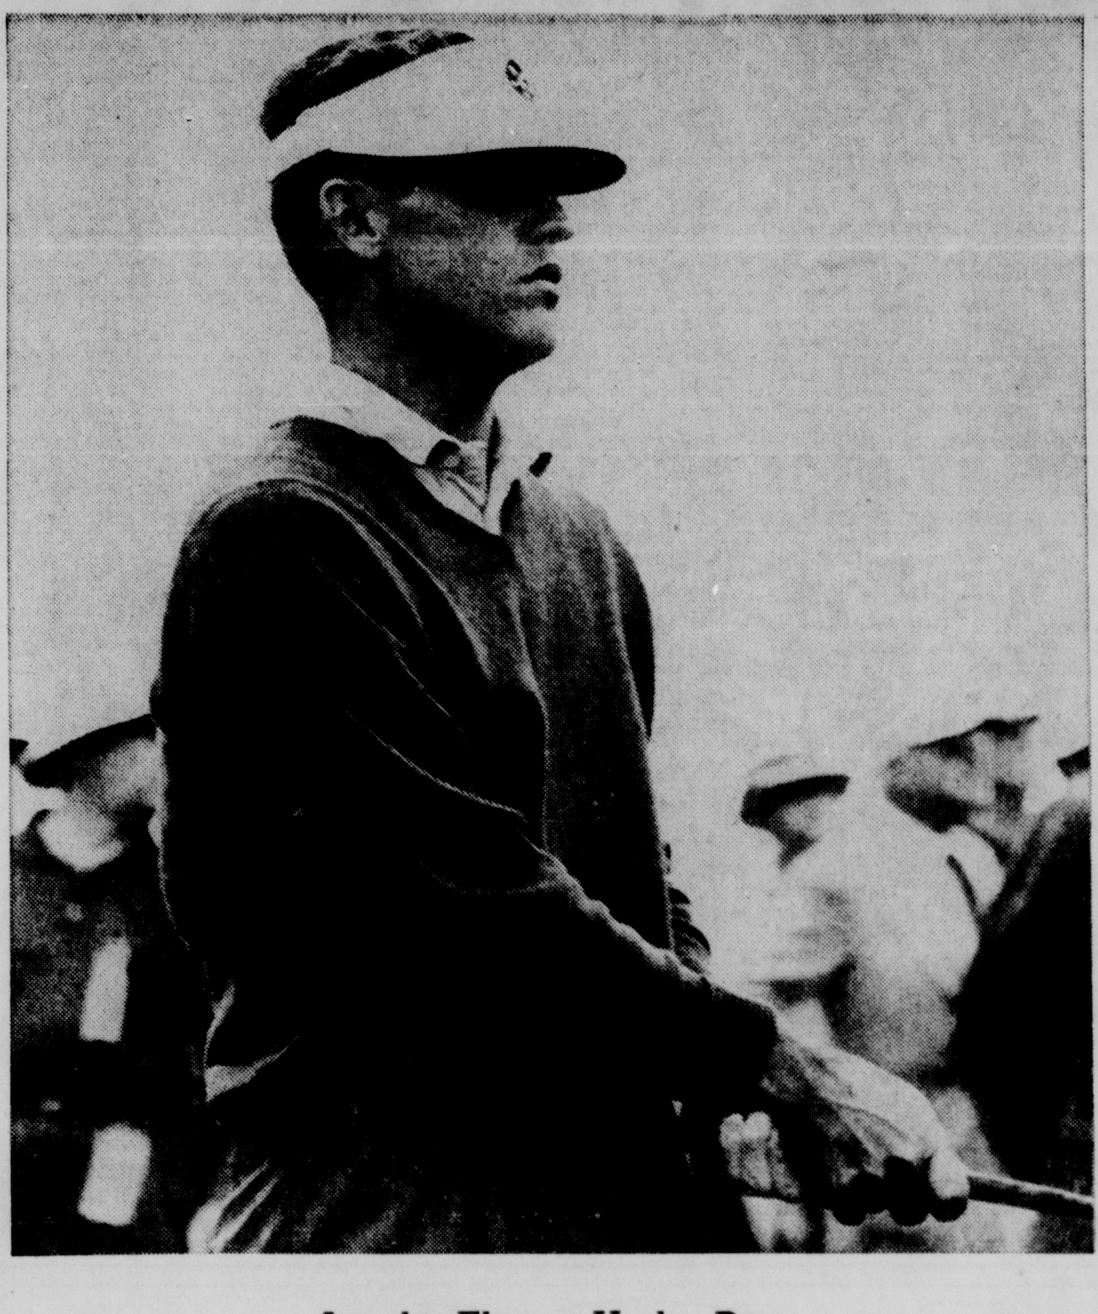
Campy To Get Estimated 50-75 Thousand Dollars

LOS ANGELES (AP)—No figure has been announced officially, but its estimated Roy Campanella will get between $50,000 and $75,000 from Thursday night's exhibition game between the Yankees and Dodgers. The Yanks won 6-2.

The Los Angeles club pledged all its net receipts to the former Dodger catcher, who was paralyzed in an auto accident early last year. The $75,000 estimate was given to a newsman by a Dodger official.

The Yankees said they would give their half of the gate to New York charities, including a sandlot baseball fund. The Yanks paid their own travel expenses. One newspaper here said these were estimated at $15,000.

The exhibition drew 93,103, largest baseball crowd in American history. But the amount taken in was not announced, so Campanella's share could only be estimated.



Jacobs Eleven Under Par

Jacobs finished with a 36-hole total off 133 which was eleven under par. The $25,000 tournament opened Thursday and ends Sunday. (AP Wirephoto)

Jacobs Continues Sizzling Pace In Okla. City Open

By WILBUR JOHNSON

OKLAHOMA CITY (AP) — Tommy Jacobs continued his blistering pace in the $25,000 Oklahoma City Open Golf Tournament Friday, posting a second round 67 for a 36-hole total of 133.

The 24-year-old Whittier, Calif., professional shot his second straight sub par round to forge a 4-stroke lead over hard charging Arnold Palmer of Ligonier, Pa., and Bob Goalby of Crystal River, Fla.

The 155-pound Jacobs, wielding an accurate putter, posted a first round 66 and had to maintain a birdie barrage to keep his advantage.

Palmer, former Master champion and top money winner of 1958, caught fire after a mediocre 73 in the first round, and sped past the other early leaders with an eight-under-par 64.

This sensational exhibition came over the tight playing Twin Hills Country Club course with a par 36-36—72 over 6,640 yards. An overnight rain softened the course and the second round was finished in light showers. More rain was in prospect for Saturday's third round.

Jacobs placed his 67 on the scoreboard several hours before Palmer barged in with his gallery pleasing performance.

Goalby also was in early with a 68 as was Don Fairfield of Casey, Ill., with a 67 which placed him in the 138 bracket and still in position to overhaul the pace setters.

Oklahoma amateur champion Glen Fowler of Oklahoma City shot a 70 to tie Fairfield at 138 and maintain a commanding lead in the amateur division.

Jacobs, winding up his second year on the PGA tour and winner of last year's Denver Open, went out in 31 but slipped to a par 36 when bogies overtook him on the 16th and 18th holes. His five birdies on the front nine came on a 20-foot putt, three measuring about 15 feet, and another of 10 feet.

Palmer played letter perfect golf, never missing a fairway. The par five holes especially were his meat. He birdied two of them on the front side and got eagles on the other two on the back nine, knocking in putts of 35 and 25 feet.

Pete Cooper of Lakeland, Fla., kept in the running with a 71 for a 139 total and this was one stroke better than former National Open champion Lloyd Mangrum of Apple Valley, Calif., who was at 140 after a 69.

The field was cut for the third round with 74 professionals and 10 amateurs making the grade. It took a score of 152 or better to qualify for the final two rounds.

Chief casualties were George Bayer of Gleneagles, Ill., and Lionel Hebert, former PGA champion from Lafayette, La.

Cincinnati Beats Braves, Burdette

MILWAUKEE (AP)—The Cincinnati Reds handed Lew Burdette Milwaukee mound ace, his first defeat of the season after five straight victories and beat the Braves 3-2 Friday night behind the steady pitching of right-hander Brooks Lawrence.

The only runs scored against Lawrence were on homers by Eddie Mathews and Frank Torre in the eighth inning. It was the 10th homer for Mathews, who leads the National League in that department, and the first by Torre.

Despite the defeat the Braves held first place in the close National League race, only percentage points in front of the hard-hitting Reds.

The Reds got all of their runs on four hits in the first inning but Burdette settled down after that and allowed only three more hits through the seventh. He was lifted for a pinch hitter in the seventh and Juan Pizarro went the last two innings.

Brooks who now has a 3-1 record, was touched for 11 hits but three doubleplays helped him out of trouble. He struck out Mathews to retire the side in the ninth inning with the tying run on third base. The Reds got only seven hits, all off Burdette.

John Temple opened the game with a single to left. Vada Pinson beat out a bounder to Mathews. When Mathews threw past Torre, Temple continued to third. Jerry Lynch went out but Frank Robinson doubled to score Temple and Pinson. Frank Thomas followed with a triple that scored Robinson.

Neville Golf Team Takes State Title

BATON ROUGE, La. (Special)—Neville of Monroe won the state high school golf championship with a 644 total here yesterday, 18 strokes under runnerup Baton Rouge High.

Neville's Jim Harper was the tournament medalist. The senior golfer, who played in the National Junior Chamber of Commerce tournament last summer, shot a 152 over 36 holes at the Webb Memorial Country Club here.

University High of Baton Rouge, which won last year's title over Neville, was third in the meet, which had 14 schools and 66 golfers entered.

Neville, coached by Jules Dante, is the first Northeast Louisiana team to win the state title. The Neville golfers won the Tri-State tournament at Shreveport, the Bi-State meet at Bastrop and the district 2-AA tournament at Rouston.

Clayton Cole was Neville's second low man with 160, Steve Henry had 162, Howard John 170 and Clyde Spatafora 172.

Van Lee, the only entry from Bastrop, shot a 161.

Huckabay Paces Northeast To 9-5 Win Over Cowboys

By BOB ANDERSON

Big Gary Huckabay blasted a home run, a double and a single to drive in four runs and spark Northeast to a 9-5 Gulf States Conference victory over last-place McNeese here Friday.

Huckabay's blows highlighted a 13-hit attack off two Cowboy pitchers that gave the local Indians, fighting for second place in the conference, their 7th loop win against six defeats.

Curve-balling lefty Jay Gross went all the way on the hill for the winners to pick up his sixth win against two losses, despite being touched for 13 hits.

George Luffey's Tribesmen close out their season this afternoon with a double header against Southwestern. The first game will start at 1:30 with Terry Reeves to throw for the Indians. Either Jerry Rouse, Louis Kincaid or Jerry Collins will pitch the second.

Northeast's three graduating seniors, Red Rushing, James Mock and Homer Rouse, had big days. Rushing and Mock each got three hits and Rouse turned in the day's outstanding play in the field, robbing Charlie Stephenson of a sure extra-base hit with a running, over-the-shoulder catch in center to start an inning-ending double play in the eighth.

A single by Rushing, a double by Mock and Huckabay's homer, a tall poke over the left field fence, presented Northeast with a 3-0 lead in the third inning but the Pokes snapped back with a three-run rally of their own in the top of the fourth to tie the score.

Lenny Kahn and Clyde Gustin singled to open the frame and Frank Calloura gained first on Rushing's error at short. Roland Barras singled to left to score Kahn but Mock's fine throw cut down Gustin at the plate.

Pitcher Mike Mirelez sent Calloura and Barros in with the other runs with a one-bagger past short.

Northeast exploded with five runs in the bottom of the fourth to win the game. Rouse led off with a walk but was erased at second on McGowen's fielder's choice. Gross fanned for the second out but Rushing singled to score McGowen, who had stolen second, the first of eight steals for the Indians.

Rushing then stole second himself and scored on another safety by Mock. O'Conner walked and Huckabay followed with his double, a poke to the fence in center that plated Mock and O'Conner. Huckabay then came around with the final run of the inning on Hank Meachum's error at second on George Bryan's blow.

McNeese continued to show signs of life by scoring once in the fifth on a walk to Frank Glenn, singled by Kahn and Gustin, and Frank Calloura's sacrifice fly.

O'Conner scored the final Indian tally in the sixth when he walked, stole second and continued on to third when catcher Kahn threw wild, and gained home on Mitchell Hughes' sacrifice fly.

Calloura drove in McNeese's final run in the ninth with another sacrifice fly. Glenn doubled to open the inning, went to third on Gustin's single and came home when Calloura lifted a fly to center.

Palmer Choice To Win Open, PGA Meets

CHICAGO (AP)—Arnold Palmer was picked Friday to win the U.S. Open and PGA championship by a poll of the country's leading golf writers.

Of 82 sports writers who voted in Golfing Magazine's fourth annual poll, 16 picked the leading money winner of 1958 as the open winner at Winged Foot, Mamaroneck, N.Y., June 11-13.

Fourteen writers voted for Palmer to win the PGA championship at Minneapolis Golf Club July 29 to Aug. 2.

Ken Venturi was pickel one vote behind in the Open and Art Wall Jr. second in the PGA.

Harvie Ward garnered 23 votes in, being picked to win the National Amateur at the Broadmoor Club in Colorado Springs, Sept. 14-19. Ward was almost a 2 to 1 choice over Charlie Coe, the defending champ.

Illinois Ready To Break With NBA

CHICAGO (UPI) — The Illinois Athletic Commission would recognize a fight between middleweight champion Ray "Sugar" Robinson and Carmen Basilio as a title bout, if they sign for it "immediately" chairman Frank Gilmer notified Robinson Friday.

Gilmer said that the commission action did not indicate any break with the National Boxing Association, which Monday stripped Robinson of his title for failure to sign for a defense.

"Everybody else would recognize the fight as a championship fight too," he said. "That's my guess because Robinson's a real champion, and if he fights, what they all want will have been accomplished.

"As far as the public is concerned they would recognize it as definitely for the world championship," he said.

Gilmer said that he had conferred with the other members of the Illinois commission, Lou Radzienda and Bill Feigenbutz, before notifying Robinson of the decision, and both concurred.

He said that as a member of the NBA executive committee when they were polled whether to require Robinson to sign for a defense by April 25 or lose his title, he had changed the date required to May 25.

He added that on the NBA proposal to match Basilio and Gene Fullmer for the title, should Robinson lose the crown, he had suggested that Spider Webb should be included in the first bout.

"I'm not changing my position," Gilmer said. "If they sign before May 25, we would recognize the bout, and I'm hopeful Robinson'll do it. I hope to get a championship fight in which the champion takes part.

"What everybody wants is to get the guy to fight. If my action would get him to fight, I'd be more satisfied than stripping him of the title and having two other guys fight each other and not defeat any champion. I agree he ought to fight, and I'd like him to fight," he said.

Bill Veeck Elected New Chisox Prexy

CHICAGO (AP) — Bill Veeck, new majority owner, was elected president of the Chicago White Sox Friday at a meeting of the club's board of directors.

Chuck Comiskey, who owns 46 per cent of the club, was named to the new position of executive vice president.

The post of president had been vacant since the death of Comiskey's mother, Mrs. Grace Comiskey, Dec. 10, 1956.

The board of directors, consisting of Veeck, Comiskey, Mrs. Dorothy Comiskey Rigney and Roy Egan, accepted the resignations submitted by Vice President John D. Rigney and Mrs. Rigney, who was secretary-treasurer.

The board also named Hank Greenberg vice president and treasurer and elected Milton Cohen, Veeck's attorney, secretary.

It had been expected that Comiskey, who bitterly opposed the sale by his sister, Mrs. Rigney, of her stock to Veeck, might have been named president in a compromise gesture by Veeck.

The board still is composed of Veeck, Comiskey, Mrs. Rigney and Egan, but its membership is expected to be changed and increased to five next week at a stockholders' meeting. The increase was approved recently by the board in a 3-1 vote, with Comiskey casting the dissenting vote.

House Beaned By Daley Pitch

DETROIT (AP)—Catcher Frank House of the Kansas City Athletics was hit in the head by a pitched ball Friday night just before the game between the A's and the Detroit Tigers.

House was not believed injured seriously. He was taken to a Detroit hospital for X rays.

House was standing at the batter's box while pitcher Bud Daley was warming up. Daley said House was leaning over the plate when a knuckle ball hit him on the head. He left the field under his own power.

Silky Comes Back, Wins Campy Purse

INGLEWOOD, Calif. (AP) — Silky Sullivan came back to the races Friday and won the $7,500 Roy Campanella Purse at Hollywood Park in typical stretch running fashion.

It was Silky's first race since he ran sixth at Santa Anita last New Year's Day.

The 4-year-old golden chestnut broke first in a field of 12 and as usual dropped steadily back to trail last down the backstretch of the 6-furlong co-feature of the afternoon.

As the crowd let loose with a roar, jockey Don Pierce let Silky loose and he stormed down the middle of the stretch, passing horses with each stride to win by a length.

Tyhawk finished second and the pace-setting Liberal Lady was third. The entry paid $4.90, $5.20 and $2.90 and Liberal Lady $4.10.

The time was 1:09.1.

Baseball hero Campanella greeted Silky from his wheelchair in the winner's circle as both were given a tremendous ovation.

Stitch Gains 10-Round Win Over Ortega

SYRACUSE, N.Y. (AP)—Crisp-hitting Rudy Stitch evened matters with Gaspar (Indian) Ortega in their return 10-round welterweight fight Friday night by pounding out a unanimous decision.

Stitch weighed 145½, Ortega 146¾.

It was a big night for Stitch, a 26-year-old church elder from Louisville. Hours earlier he had been awarded the Carnegie Hero Fund Commission's bronze medal for rescuing a man from drowning in the Ohio River at Louisville in September, 1958.

His impressive victory gained revenge for a one-point loss to Ortega in their first meeting in New York's Madison Square Garden Feb. 6.

Stitch had Ortega, his left eye bleeding badly, hanging on in both the third and eighth rounds.

Stitch staggered Ortega in the third with a straight right to the jaw and then pummeled away with lefts and rights as Ortega slumped against the ropes in his own corner.

WON'T WORK FOR TIGERS

Norman Finished With Detroit Club

By CHUCK CAPALDO

ST. LOUIS (AP)—Big Bill Norman, fired last Saturday after less than a year as manager of the Tigers, plans to remain in baseball. But, he said Friday, "I will not work for Detroit again."

Shortly after the 48-year-old Norman got the ax, Tiger General Manager Rick Ferrell said Norman would be offered a job with the club.

"Nothing concrete has been offered me by Detroit," Norman said at his suburban Affton home, "and I'm absolutely not interested. What kind of a job could they offer me now? I won't work for Detroit again, but I'll be back.

"They had to have a reason for firing me and the reason they gave was that they had to do something the way the ball club was going. I only know what was told to me. You'll notice, there hasn't been any switch in the line-up."

"I like to think that this (his dismissal) came one day too soon. I encourage Charley Maxwell to forget the singles and go for the fences. Those four homers he hit Sunday in succession were more than he'd hit all told since I took over last June 10.

"I was in front only three times in 17 games. How you going to maneuver when you're behind? I'll tell you this tough, the players didn't quit on me and I didn't quit on the players. They gave me all they had."

Norman, in baseball in one capacity or other nearly 31 years, said he was mulling over "two or three offers in baseball."

"I'm going to take it easy for three or four weeks before I make up my mind," he continued. "after all, right now I'm being paid not to manage."

"The only thing I'm interested in now," he said with a laugh, "is getting my shrubbery squared away."

Jimmie Dykes, who succeeded Norman as manager after the Tigers had lost 15 of their first 17 games, promptly inserted Maxwell in left field. The move paid huge dividends as the Tigers swept a doubleheader from the New York Yankees on Dykes' first day as manager.

Maxwell, who hit four homers in the twinbill, had been riding the bench under Norman while Larry Doby patrolled left. Dykes said he always had liked Maxwell and put him in the line-up when he learned an injured finger no longer was paining the veteran outfielder.

Dykes magic touch continued Tuesday when he placed Ted Lepcio at third base. Lepcio, acquired Saturday in a trade with Boston, belted a grand slam home run as the Tigers beat his former mates. Lepcio got his chance when Eddie Yost came up with an ailing shoulder.

Senators Option Hurler Kralick

WASHINGTON (AP) — The Washington Senators Friday optioned left-handed pitcher Jack Kralick to their Chattanooga farm team in the Southern Assn.

Kralick, 22, had been touched for nine runs in 10 1-3 innings of relief work this season.

The cut reduced the Senators' roster to 27 men, two above the limit they must reach under major league rules by midnight Saturday.

Indians Face Tech, Demon Thinclads In Ruston Meet

Northeast's spikemen close out a great regular season in Ruston tonight against familiar foe Louisiana Tech and Northwestern in a triangular tract meet at Tech Stadium.

Tonight's affair, slated to begin at 7 o'clock, will be the last warmup for next weekend's Gulf States Conference meet at Natchitoches for all three teams. After the GSC meet, the teams will compete in the Southern AAU carnival here May 23.

It will be the third triangular meeting of the season between the three GSC foes. Northeast won 80½ points to Tech's 60 and NSC's 36¾ here March 21 and in an April 4 encounter at Natchitoches, Tech finished with 67 2-3 points to Northeast's 65 and NSD's 48 1-3.

Both Tech and Northwestern have shown steady improvement and Tribe coach Lew Hartzog predicted another close meet. Early in the season, the Indians beat Tech easily in a dual encounter but in their last meeting April 28 which the Tribe also won, the score was 73 1-6 to 66 5-6 with a win in the mile relay spelling the difference.

"We had tremendous times Tuesday night," Hartzog said enthusiastically of his team's victory in the NSC Relays. An even dozen records fell and Dave Styron tied the century mark with a :09.6 clocking. Only the pole vault and javelin marks remained undisturbed.

Don Styron was voted the outstanding trackman of the meet with record-breaking performances of :22.5 in the 220 low hurdles and :14.2 in the 120 high hurdles. In addition, he was anchorman on the three winning relays, the 880, 440 and mile, in which new records were also set, and finished third in the broad jump.

The relay times of 3:15.5 in the mile and 1:26.8 in the 880, bettered the existing best times for the Indians which had been made at the SLI Relays. Don Styron matched his previous time over the low hurdles.

Hartzog was also pleased with the performance of Dave Styron, Buddy Eiland, Jim Mouser, Dick Hays and others in the NSC meet. "Reynolds deserves a lot of credit for his showing in the 100-yard dash," he added. Don made it one-and-two in the century when he came in second only to teammate Dave Styron.

Again, Northeast will depend on its sprints and relays to overcome its lack of depth and weakness in the field events.

Dave Styron and Reynolds will again compete in the century; Don Styron in both hurdle events; Styron, Roger Beumer, Reynolds and Don Styron will form the potent foursome that has proved sucessful in the 440 and 880 relays; Styron, Jim Mouser, Dick Hays, Styron will compete in the mile relay; Hays, Jerry Ivy, Beumer and Bob Jaenicke in the sprint medeley, and Eiland and Bill Frye in the 2-mile run.

In the field events, Gene Hagen will enter the pole vault, Robert McGough the javeline and Jerry Ivy in the broad jump. The Styron twins may be entered in the high and broad jumps and the pole vault and Richard Shovan also in the javelin. Bill Broom, Robert Cook and Shovan will compete in the shot and Cook and Broom in the discus.

Byrd High Takes Triple-A Crown

BATON ROUGE (AP) — Byrd of Shreveport captured its second straight State Triple-A Track and Field Championship Friday, winning seven of 10 track events in collecting 82 points.

Byrd took all three relays, setting a Triple-A and composite (all classes) record in the mile relay.

Runnerup Istrouma had 43 points while Lake Charles took third with 29 points.

Byrd's mile relay team ran the distance in 3:23.4, bettering its own 1958 Triple-A and composite mark of 3:26.4.

Edward Red of Lafayette set the only other record, tossing the javelin 214 feet 4¾ inches. He broke the AAA mark of 198 feet 11 inches set by Rocker of Jesuit in 1950 and the composite mark of 202 feet 5 inches by Cage of Neville in 1958.

Of the 22 schools in the meet, the only others making points were:

St. Aloysius of New Orleans 27½, Sulphur 24½, East Jefferson 15½, Baton Rouge and Lafayette 15 each, Jesuit 12, Terrebonne 8, Holy Cross 6, Fair Park 5½, Bolton and Nicholls 4 each, Warren Easton and McDonogh 3½ each, Lagrange and West Jefferson 1 each.

MERCER LOSES FIRST

Techmen Fall To SLI Again, 7-5

RUSTON, La. (Special) — Louisiana Tech righthander J. W. Mercer lost his first game of the season after six wins to Southwestern Louisiana Institute, 7-5, here Friday afternoon as a result of shoddy fielding by his teammates.

Mercer gave up only seven hits and two earned runs but five errors afield helped SLI take the rubber game of the three between the two teams this year.

Jim Orton hit a solo homer for Tech in the fifth and Charley Garris had a two-run clout in the fourth. Mercer, who struck out eight, led Tech at the plate with 3-4.

Lee Castagnos went the route for SLI to get his second win over the Techmen. He defeated Tech, 2-1 in 10 innings, earlier this year at Lafayette.

SLI took the lead in the fourth when Tom Levy reached first on an error by Orton. Levy stole second amd Davis Madere got on via an error by Wade Scott with Levy scoring.

In the fifth, Levy doubled to right center and Steve Brackin beat out a hit to deep second. Levy scored and Brackin went to second on a double steal.

Tech took a 4-2 lead in the sixth when Garris singled to left, Bell singled to center and Mercer doubled to left, scoring Garris. Bell scored on a wild pitch.

SLI tied it up in the top of the seventh as Castagnon singled and Shelby Aulds reached first on an error by Schuler. Brackin walked and Ellis Vincent singled to right, scoring both Castagnos and Aulds.

Brackin then scored on a double steal to tie it up, 5-5.

SLI broke the tie in the eight when Phil Arena walked, stole second, was sacrifice to third and came home on Castagnos' single. SLI added an insurance tally in the ninth when Brackin got on via Moreland's error, stole second and third and came home on a single by Madere.

SLI ran wild on the bases, swiping 11 bases in 12 attempts.

Tech will close its season with a doubleheader against McNeese today with the first game to begin at 1:30.

Wave Netmen Widen Margin In SEC Meet

STATE COLLEGE, Miss. (AP) —Tulane, seeking its 17th Southeastern Conference tennis title in 21 tournaments, widened its lead by four points Friday.

The powerful Green Wave ended the second day of play with 24 points and an entry in all of the six singles finals and three doubles semifinials to be played Saturday. The doubles finals also will be held Saturday.

Georgia was runnerup among the 11 schools entered with 20 points and four entries left with Georgia Tech third with 18 points and six entries. Then came Louisiana State with 13 points, Florida 10, Mississippi and Mississippi State 7 each, Vanderbilt 4, Tennessee 3, and Auburn and Kentucky 1 each. Alabama failed to enter.

Tulane's Ron Holmberg, defending champion in the No. 1 singles, eliminated John Foster of Georgia, third seeded, 6-1, 6-4. Foster led the top seeded star 4-3 in the second set when Holmberg rallied to close out the match.

Holmberg's opponent in the finals will be second-seeded Ned Neely of Georgia Tech who downed fourth-seeded Ivan Salas of Mississippi State 6-4, 10-8.

Gene Conley Pitches Phils Over Pirates

PITTSBURGH (AP) — Lanky Gene Conley of the Philadelphia Phillies won his first baseball game since September, 1957, Friday night with a nifty 8-1 victory over the Pittsburgh Pirates.

It also marked the first time Conley has beaten the Pirates since August, 1956. Conley's record now is 1-0.

Conley struck out seven and didn't allow a walk before he left the game in the ninth inning after he was grazed by a line drive off the bat of Smoky Burgess. Dick Farrell came in from the bullpen and set the Pirates down to give the Phils the win.

The Phils exploded for seven hits and five runs in the fourth and fifth innings and added three more insurance runs in the eighth and ninth. The Phils garnered 13 hits off four Pirate pitchers.

St. Martin's Leads Class B Track Meet

LAKE CHARLES, La. (Special) — St. Martin's of Metarie took the early lead in the state class B track meet here after four final events with 10 points, won with a triumph in the 880 yard relay.

Breaking the record of 1:34.0 set by Columbia in 1950, St. Martin's took the event with a clocking of 1:33.9.

Mangham's Wilfred Burgess was the only Northeast Louisiana athlete to finish in the top five in the finals. Burgess came in fifth in the discus.

In the preliminaries, Mangham's Paul Etier won his heat in the 440 dash with a 52.7 time while Lake Providence's Billy Burton finished second in his heat of the 220 to qualify for the finals.

Cards Fall To Cubs, 3-2, In Ten Innings

ST. LOUIS (AP)—Rookie Lou Jackson's 10th inning triple and a tight three-inning relief job by lefthander Bill Henry combined for a 3-2 Chicago Cub victory over the St. Louis Cardinals Friday night.

Henry started the winning Cub rally himself with a two-out single to right in the 10th. Then Jackson stroked his winning triple.

Jim Brosnan, third Red Bird pitcher, took the defeat. He's now 0-3.

Henry struck out five men in his three-inning sting, gave two hits, and took his third victory against one defeat.

He fanned pinch batter Ray Jablonski in the last of the ninth with two on.

Until Henry and Jackson took charge, it was a frustrating evening for the Cubs. They left 14 men stranded.

The last-place Cardinals took their ninth one-run defeat out of 17 setbacks.

Four Records Set In AA State Meet At La. Tech

RUSTON, La. (Special) — Four new state class AA track and field records were set at Louisiana Tech here yesterday afternoon as Natchitoches took a slight lead in the first day in which only four final events and five preliminary events were run off.

In the early going, Natchitoches edged to the front with 13 points by placing third in the 880-yard relay, third in the javelin and second in the discus.

Opelousas was second after the first day with 11 points and defending champion Ruston had 10. Crowley had 7, DeRidder, Neville of Monroe, Marion of Lake Charles and Jena 7 each, Haynesville 4, Minden and Reserve 3 each, Jonesboro Hodge 2 and Pineville and Behrman of New Orleans 1 each.

Records fell in the 880-yard relay, the discus, the 180-yard low hurdles and 120-yard high hurdles. Ruston's 880 relay team of Ken Anderson, Hollis Grafton, Sammy Simonton and Earl Wright ran that event in 1:31.0, erasing the mark of 1:32.5 also set by Ruston in 1957.

Sammy Simonton of Ruston won his heat in the 180 low hurdles with a time of 19.8, breaking the record of 19.9 he set a year ago.

Conrad Schatzle of Marion broke the discus mark with a toss of 154 feet and two inches The old record was 147-4 set by Faulkinberry of Bossier City in 1950.

Jim Smith of Hahnville broke the 120-yard high hurdles mark in the preliminaries. He ran the event in 15.1 seconds, two-tenths of a second better than the mark set by Jerry Francois of Eunice in 1957.

Joe Cage of Neville won the javelin event with a toss of 191-10, well under the state mark of 202-5 he set a year ago.

Ron Hester of Jena took first in the broad jump with his lead of 21-7½ in another final event.

Jerry Hines of Haynesville, a standout in the district 2-AA meet here a week ago, placed second in the broad jump finals and won his heats in the 100 and 220 dashes. Ed Williams of Jena won the other heat in the 100 with a 10.2 effort and the 220 dash with a 22.5.

Hines ran the 100 in 10.4 and the 220 in 22.5.

The rest of the finals will begin here at 2 p. m. today. The summary:

FINALS

ONE STROKE UP

Faulk Sets Pace In Women's Open

SOUTHERN PINES, N.C. (AP) —Mary Lena Faulk of Thomasville, Ga., toured the tough Mid Pines Course in four under par 68 Friday to grab the first round lead in the $6,000 Women's Open Invitation Golf Tournament.

The 33-year-old veteran, who was U.S. Amateur champ in 1953, hit 15 greens in regulation or under and used only 29 putts. She had six birdies and an eagle on her card.

A stroke back with 69s were Joyce Ziske of Milwaukee and Marilynn Smith of Wichita, Kan. Miss Ziske birdied six holes and used 26 putts. Miss Smith also had six birdies.

Joe Ann Prentice of Birmingham, Ala., Beverly Hanson of Indio, Calif., and Faye Crocker of Montivideo, Uruguay, were four strokes off the pace with even par 72s. Betty Bush of Tequesta, Fla., was alone at 73, a strike better than Murle MacKenzie of St. Petersburg, Fla.

A field of 42 pros and selected amateurs started in the inaugural 54-hole event.

Well down in the field was Betsy Rawls of Spartanburg, S.C., this year's top money winner. Betsy had putting troubles and wound up with a 76. Another of the top money winners, Wiffi Smith of St. Clair, Mich., could do no better than 77.

The leaders:

Red Sox Top Birds Behind Sullivan, 5-0

BALTIMORE (AP) — One-two home run punches by Pete Runnels and Jackie Jensen of the Boston Red Sox in the eighth inning eased the way Friday night for pitcher Frank Sullivan's 5-0 victory over the Baltimore Orioles.

Sullivan and Billy O'Dell, both of whom have been slow reaching peak pitching form due to physical miseries, were engaged in a tense duel until Runnels unloaded his second circuit clout and Jensen his seventh.

The Red Sox had squeezed out a 2-0 lead on only three hits off southpaw O'Dell before they put it out of reach. The Red Sox scored another run — after the homers—in the eighth with the aid of a wild pitch and throwing error by Oriole relief pitcher Wes Stock.

Alabama Defeats State In 12, 6-4

STATE COLLEGE, Miss. (AP) —Alabama kept its hopes alive for the western division title of the Southeastern Conference by beating Mississippi State 6-4 in 12 innings Friday.

Robert Skelton's 12th inning single brought home two runs for Alabama's victory margin. State had tied the game at 4-4 in the bottom of the ninth with a pinch-hit homer by Bobby Craig with two men out.

If Alabama wins Saturday's game from State, the division title will be settled next week when the Tide and Mississippi meet at Oxford in two games.

Model Of Proposed Space Laboratory

J. R. Dempsey, right, Vice President of the General Dynamics Corp., discusses a model of a proposed space laboratory Friday before a House Armed Services Subcommittee hearing. Listening are Rep. F. Edward Hebert (D-La), chairman of the subcommittee, and J. B. Naish, left, president of the Convair Division of General Dynamics. The proposed space station would use an Atlas missile to put four men and their equipment into orbit around the earth. (AP Wirephoto)

Attorney Generals Favor Stern Red-Control Laws

NEW ORLEANS (AP) — Attorneys general of the United States and its territories would re-establish the rights of states to enforce their subversive control laws and would strengthen the definition of the offense of teaching and advocating the overthrow of the government.

Closing their four-day 53rd annual convention here yesterday, the National Assn. of Attorneys General also voted in favor of amending the Smith act to make it more difficult for subversive groups to organize.

Supreme Court decisions, the delegates said, have indicated these three loopholes in the internal security laws.

The Smith act is an anti-Communist measure.

The Supreme Court decision in the Steve Nelson case from Pennsylvania stripped the states of enforcement of subversive acts and left such prosecution to the federal government.

Lawrence E. Walsh, deputy attorney general of the United States, told the convention that the federal government still favors restoration to the states of the power to enact statutes against subversion.

Walsh expressed opposition to a re-definition of the term "teaching and advocating," but said he was willing to go along with the inclusion of the phrase "continued recruiting" in the definition of organizing a subversive front.

Walsh was unable to persuade the association to modify its legislation stand on habeas corpus, but won a last-minute concession in a floor amendment to the resolution. Generally, the resolution re-affirmed the association's opposition to abuse of the privilege of habeas corpus, which gives a prisoner the right to be brought before a court or judge.

The association supports measures before Congress which would restrict frivolous applications for habeas corpus writs.

Opposition to the measures had been voiced by the Civil Liberties Union, the National Assn. for the Advancement ot Colored People and the AFL-CIO.

The association, with some reservations, endorsed the plan of Sen. John McClellan (D-Ark) to set up a commission or agency to carry on after McClellan's crime investigating committee finishes its work. Kansas Atty. Gen. John Anderson Jr., of Topeka, Kan., said the association's committee on administration of criminal justice was agreeable as long as McClellan's proposals do not injure state's rights.

The association elected officers —all of them attorneys general of their various states — for next year.

Named president was Richard W. Ervin, Florida; vice president, Duke W. Dunbar, Colorado; regional chairmen, west, John J. O'Connell, Washington; east, David D. Furman, New Jersey; central west, Norman E. Erbe, Iowa,

Williams Proposes Solution For Crisis

By ROGER LANE

LANSING, Mich. (AP) — Gov. G. Mennen Williams Friday asked state lawmakers to hear a new proposal for solving Michigan's cash crisis that left 26,000 state workers unpaid Thursday and threatened the state's public school system.

His request to address a joint legislation session required House and Senate approval. Neither chamber acted immediately.

The Democratic governor's announcement came after House defeat of a Senate-approved Republican bill for a one-cent increase in the sales tax, making it four cents.

The governor and Legislature have been at loggerheads for months over rival plans for curing state money woes, with Williams advocating a personal income tax and Republicans plugging for the sales tax increase.

A bill which would provide an immediate 43 million dollars in emergency state treasury relief is bound up in the deadlock. Williams repeated has demanded its passage. The GOP firmly has insisted approval will come only on prior acceptance of the sales tax bill.

Michigan's financial dilemma stems from a drop in tax revenue during the 1958 recession and an increase in expenditures, mainly for unemployment compensation.

The governor would not give any hint of what he wanted to say to the legislators.

He said it was obvious neither side could write a tax program without consent of the other and "it's time reasonable men sat down and worked things out to end this disgraceful sisituation."

"Michigan's payless paydays are political in nature," Sen. Lynn O. Francis of Midland, Republican floor leader, said.

Hearing Begins In Firm's Suit Against Gas Tax

BATON ROUGE (AP)—Humble Oil and Refining Co. Friday began presenting testimony in its suit against State Revenue Collector Robert L. Rowland. The suit contests the state gas gathering tax statute.

Judge Coleman Lindsey heard the Humble case after testimony was completed Thursday in a similar suit by Southern Natural Gas Co.

A Humble witness testified about the company's equipment along gas lines in parts of Louisiana.

The state has until May 29 to file briefs. Company briefs already have been filed.

The Legislature suspended the gas gathering tax last year and substituted a temporary severance tax until the gas gathering levy could go through the courts.

Both Humble and Southern Natural Gas had testimony that the gas in question is transported by pipeline out of Louisiana and is not sold nor brought to a rest in the state.

Numerous firms have filed suit in connection with the gas gathering tax. All contend the gas is sold in interstate commerce and is not subject to the gathering tax.

Humble seeks to recover $27,340 paid to the state under the gas gathering legislation. Southern Natural seeks to recover $106,283.

Bell Rate Case Is Appealed To Supreme Court

BATON ROUGE (AP)—The 14 million dollar Southern Bell Telephone Co. rate case Friday went before the Louisiana Supreme Court.

Southern Bell asked and was given permission to appeal the case by Judge G. Caldwell Herget in 19th district court here.

A Southern Bell spokesman said the appeal was based on a claim that Herget's judgment in favor of the Public Service Commission was "contrary to the law and the evidence."

The Public Service Commission set the amount it considered justified for Southern Bell, $1,900,000. This was upheld by Herget, but the district judge overturned the commission's refusal to grant any increase.

Herget ordered that the $1,900,000 increase be put into effect And he upheld the commission in refusing the larger increase asked by the telephone company.

The commission denied the larger request on grounds Southern Bell failed to install needed service in the state. Counsel for the commission accused the firm of "grossly inadequate service" and an arbitrary slowdown in Louisiana to build up pressure for higher rates.

Southern Bell accused the commission of bias and said its rates ideas were "a blueprint for financial disaster."

Hearings Set For Oil, Gas Allowables

BATON ROUGE (AP) — Conservation Commissioner Ashton Mouton said Friday hearings to help set the oil and gas allowables for July, August and September will be held in New Orleans June 11.

Two days earlier, on Jun 9, public hearings on other oil and gas matters will be held here.

The New Orleans session will be held in the International House auditorium.

The July 9 hearings, in the welfare building started at 9 a.m. by fields:

Bayou Postillion — Rules and a unit each for the D-1B sand and the D-2 sand in the Graben segment.

North Leroy — Temporary units for the Manes and L. T. Henry sands.

Riceville — Rules and a unit for the 11,400-foot sand; one permanent unit for the Bonin sand reservoir.

The July 11 hearings, by fields:

Ellis — Revision of four gas units in the First Bolivina Mexicana sand. Lapeyrouse—Spacing orders for the Duval sand.

Thomson Bluff — Three units for the Nodosaria Blanpedi sand.

The commission also added a seventh hearing to a series scheduled for June 3 in Baton Rouge, on a proposed triple completion in the Bayou Sale field.

DUE TO SOLON'S VOTE

REA Boycotting Eighth District

ALEXANDRIA, La. (AP) — A Rural Electrification Administration (REA) cooperative headquartered in Baton Rouge is boycotting businesses in the Eighth Congressional District because Rep. McSween (D-La) supported President Eisenhower's veto of the REA bill.

At least three electrical equipment supplies in Alexandria reported Friday they had been notified of the boycott by an official of the cooperative in Baton Rouge.

T. M. Samuel Jr., purchasing agent for the Dixie Electric Membership Corp., reportedly said in the letter:

"I have received an inter-office memo from Mr. McAdam notifying me not to purchase from any firm in Cognressman McSween's Congressional District. The memo in part states: 'Congressman McSween was responsible for Congress not overriding the president's veto re REA; therefore, do not buy anything from any firm or person in said congressional district.' "

The "Mr. McAdam" referred to by Samuel was J. E. McAdam, manager of Dixie Electric, one of 13 REA coops in Louisiana.

McSween was one of four Democrats who joined 142 Republicans in the House to uphold the President's veto last week.

Samuel's letter said the firm had no complaint with the companies involved, but rather would like to continue doing business with them.

There was no report on whether other REA coops in the state would join in the boycott. There were, however, some reports from trade circles that managers of other cooperatives met here Wednesday to join in the boycott.

The bill vetoed by the President would have given authority over REA loans to the REA administrator rather than the Secretary of Agriculture and was termed "spite (Secretary) Benson" legislation. The bill's opponents said it would have given a subordinate power over his superior.

McSween was given a copy of the letter sent ot the various firms, but he did not comment on it.

Date Is Set For Trial In Assault Case

TALLAHASSEE, Fla. (UPI)—Four white youths accused of assauling a Negro coed in a racial sex crime that shocked this southern capital and university city pleaded not guilty to rape charges Friday.

A jury trial was ordered and trial date set for May 27. The girl was seized at the point of a shotgun from a parked car on the Florida A&M University campus early May 2 and was raped repeatedly.

Rape is punishable by death in the electric chair in Florida, but no white man has ever been executed in this state for raping a Negro.

Trial by jury was mandatory under the pleas of innocent entered by each defendant at arraignment before Judge W. May Walker.

Students at Florida A&M, an all-Negro school, have conducted "passive" protest demonstrations and held "prayers for justice" in the case during the past two weeks. Nearly 300 Negro spectators filled a segregated third-floor gallery in the courtroom for the arraignment and talked excitedly in low tones after each defendant entered pleas.

The youths, represented by court-appointed attorneys, spoke in loud, clear voices and showed no signs of nervousness. They wore open-necked sports shirts.

Judge Walker appointed defense attorneys at the beginning of the proceedings in a filled courtroom. He asked each defendant if they had counsel and each replied he did not.

The wife of defendant Willon T. Collingsworth, 24, asked for more time to find a lawyer for her husband, then accepted a lawyer suggested by the court. Collingsworth, who quit school before the seventh grade, cannot read or write.

Tallahassee Municipal Judge John Rudd was appointed to defend Ollie Stoutamire, 16, youngest of the defendants. Stoutamire's mother died when he was born. Another defendant, Patrick Scarborough, 20, lost his mother in a barroom brawl when he was seven and his father committed suicide. William Beagles, 18, the fourth defendant, is the son of a truck driver. His mother is a waitress.

Police investigators said the four youths admitted assaulting the 19-year-old girl, who was raped six times. A deputy arrested the youths after a high-speed chase and found the half-nude, hysterical girl bound and gagged on the floor of the back seat of their car.

She had attended a campus dance with her date and they were with another student couple parked in a car behind the Florida A&M stadium following the dance. The Negroes said the white youths drove up, brandished the shotgun and a knife and forced the Negroes to kneel in front of the headlights of the car. Then, they said, the youths attempted to force both girls into their car but the younger one broke away and hid in some bushes. The Negro boys, ordered to leave, went to a nearby house to notify police.

It was expected that the cases would be called for a joint trial, although attorneys may ask that the youths be tried separately. One court - appointed attorney objected to the May 27 trial date on grounds he needed more time to prepare a defense, but Walker overruled the objection.

Churchill Flies From Washington To Visit Baruch

NEW YORK (UPI)—Sir Winston Churchill flew here from Washington Friday to visit an old friend, Bernard Baruch, before returning to London on Sunday.

The 84-year-old former Prime Minister, who spent four days in the capital, arrived here aboard President Eisenhower's plane, the Columbine III. He was accompanied on the flight by Baruch.

Sewer Survey Funds Okayed At Sterlington

Sterlington took another step yesterday in its bid for growth.

Civic leaders learned that the U. S. Community Facilities Administration has approved $4,600 to finance a survey for sewerage at Sterlington.

Lee Stall, chairman of a Sterlington committee working on the sewerage project, said a bond issue would be called to repay the federal government for sewerage installation.

Purpose of the survey is to make preliminary studies before construction begins. Stall pointed out that the Ouachita Parish Police Jury had created a sewerage district at Sterlington.

Located in the area of the new Sterlington high school site, the district takes in about 420 homes. The project will cost $190,000

Meanwhile, C. G. Drennan, Ward 1 school board member, said petitions would be circulated next week in an attempt to incorporate Sterlington.

With 286 voters, Drennan said Sterlington needs 184 names on the petitions before Gov. Earl K. Long can be called upon to incorporate the community.

News of the approval of funds for the sewerage survey was announced in Washington by Congressman Otto E. Passman.

Pensioners Get Slight Pay Cut In Mississippi

JACKSON, Miss. (AP)—Mississippi's old age pensioners received an average grant of $29.14 in April, a drop of five cents under the March average.

The State Department of Public Welfare said Friday the April payments to Mississippi's 80,739 aged persons totaled $2,352,883, a drop of $3,014 under the March payments.

Total welfare payments during April was $3,564,583, an overall increase of $34,521 over the March payments.

Other payments during April:

Aid to the 5,858 blind, $225,008, averaging $38.41; aid to the 8,131 permanently and totally disabled, $239,429, averaging $29.45; and aid to the 55,068 dependent children in 18,255 families, $747,263, averaging $13.57 per child and $40.93 per family.

MOBS CLASH TWICE

Algerian Rebels Continuing War

CONSTANTINE, Algeria (AP)—There is no sign in this tense, heavily patrolled city of the Algerian peace that French President De Gaulle says is in sight.

Mobs of French and Algerian youths clashed in Constantine's streets on two days this week and more trouble is feared. Young French rioters have demanded the firing squad for De Gaulle, who was their hero a year ago.

The hope for peace seems equally dim when one talks with Algerian rebel leaders in neighboring Tunisia, the rebels' chief training and supply base.

The Algerians vow to continue their 4½-year war for independence from France. Their organization appears to be getting stronger.

Recent talks with leaders of the Nationalists indicate they have abandoned hope that Western pressure will force France to make a peace suitable to the rebels. They appear ready to take arms and assistance from the Communist bloc.

Premier Ferhat Abbas and Information Minister Mohammad Yazid of the Cairo-based Algerian government hint that they would back down from demands for full independence and be content with internal autonomy. But the French minority in Algeria probably would rise up at even that concession.

De Gaulle in a speech at Bourges, France, Thursday declared:

"Without setting a date, without making any promises and without presumptuousness, I say here with full knowledge of the facts, that the day is in sight when Algeria will be pacified."

He did not amplify this.

Underwriters Plan Lobby On Subsidies

BATON ROUGE (AP) — Oren D. Pritchard, president of the National Assn. of Life Underwriters, said Friday "if a man is fool enough to work land that doesn't produce, there is no reason why the taxpayers should pay him for it."

Pritchard, Indianapolis, Ind., told Louisiana life underwriters, "an average of $1,000 a year is being paid to every farmer in the nation."

He said his figures were compiled by Northwestern University in Chicago over a 20-year period.

He said because of what he called the increasing danger o these federal subsidies the national association is beginning one of the most unusual lobbying efforts since 1933.

"We don't want a thing," Pritchard said, "we are only attempting to make congressmen aware of the danger of federal subsidies.'

Pork-barreling efforts of senators and representatives, he said, are leading the nation toward complete socialism or financial disaster.

"Its time to take subsidies and welfare out of the hands of national government and back to the local government and volunteer groups," he said.

A local government or volunteer group, he said, can distribute a welfare dollar for seven cents, where the federal government pays a dollar to give a dollar. Foreign subsidies, he said, are just as bad.

Some effort will be made during next week's fiscal session of the Legislature to curb government appropriations. Andy Panquerne, president of the Baton Rouge Assn. of Life Underwriters, will head the campaign.

Dura Craft has been copied by others but not equaled . . . HERE'S WHY
4 MIGHTY IMPORTANT DIFFERENCES BETWEEN DURA CRAFT AND THE IMITATORS
- Dura Craft uses .058 gauge aluminum bottom and sides. Most others use lighter .051 gauge.
- Dura Craft has a full 32-inch wide bottom for maximum stability and safety. Most others range down as low as a skimpy 29-inch bottom.
- Dura Craft alone uses a heavy .081 guage aluminum in the transom (stern), so that higher horsepower engines can be operated without harm to the transom.
- Dura Craft alone uses a baked enamel finish that defies peeling . . . also a prime coat of U.S. Navy specification zinc chromate undercoater.
SOME BOATS MAY LOOK LIKE DURA CRAFT BUT THAT'S AS FAR AS THE RESEMBLANCE GOES. BE SAFE — BUY A GENUINE DURA CRAFT.
Without question the Dura Craft boat will stand harder usage and will last longer than any of the imitators because it's better built with heavier stronger materials where it counts most.

WOMAN'S WORLD

MOTHER DESERVES a very special table on her day. This one is set with pure white milk glass on an aqua cloth. Yellow candles are set in milk glass holders trimmed with tiny bunches of yellow and white daisies. For mother's place — a nosegay of fragrant spring violets.

Beginning Of Mother's Day English Custom

Mother is busy 364 days of the year. But on the other day — Mother's Day — she can be a real lady of leisure, while the rest of the family takes over her household jobs.

Party planners found some interesting facts about the early beginnings of the Mother's Day custom. Did you know that . . .

Mother's Day was first observed in the churches of Philadelphia on May 10, 1908, in response to a suggestion by Miss Anna Jarvis of that city. In 1914 President Woodrow Wilson, following a resolution by Congress the preceding year commending Mother's Day observance, issued a proclamation designating the second Sunday in May as Mother's Day, and directed that the national flag should be displayed on all public buildings on that day.

Mothering Sunday, an old English custom, antedated the present observance by many years. It was named from the custom of the faithful attending the mother church in which they had been baptized, on Mid-Lent Sunday, and offering gifts at the altar to the church, and also to their mothers, as tokens of love and gratitude.

Probably one of the nicest things you can do for Mother on her day is to prepare and serve a special dinner. By special, we don't mean elaborate either. Because if you're out in the kitchen making a complicated meal, Mother is bound to think you need her help (maybe you do!).

Instead, make something simple. Broiled steaks or baked ham slices are easy to prepare. Take advantage of foods like instant potatoes, frozen vegetables and brown and serve rolls. To Mom it will taste like a meal at the finest restaurant, just because you made it for her.

The place where you really can fuss is in the decorations. Tie a big bow on her chair for a touch of whimsey. Place a fragrant little bunch of violets at her plate.

For that extra - special gold touch, dine by candlelight. What magic it conjures and somehow it casts a romantic spell over the simplest table. You'll make the dinner festive by using the prettiest china, crystal and silver—all bright, sparkling and beautiful in the glow of candlelight.

Combine salad and sandwich into one novel luncheon dish. Bake your favorite loaf of quick raisin nut bread. Cut generous slices and top with creamy cottage cheese and a golden cling peach half. Pour glasses of milk for all, and lunch is ready.

Eastern Star Honors Member Monday Night

Louise L. McGuire Chapter 4, O. E. S. honored Mrs. Katherine Strong last Monday night at the Masonic Temple, for having reached her fiftieth year as a member of the Order of Eastern Star.

After the ritualistic opening and closing of the meeting, presided over by Mrs. Lester Higgins, W. M. and Mr. J. M. Wyatt, worthy patron a beautiful tribute was paid to Mrs. Strong for having been such a faithful member for these many years.

The officers presented Mrs. Strong with an arm bouquet of red roses and crowned her Golden Mother of the Year.

After this, Mrs. Arrah Culver, secretary, presented a gift from friends, and the fifty year gold certificate for her long years of faithful service as a member of the chapter. Mrs. Strong is also honorary member of many of the surrounding chapters, this honor having been conferred for outstanding work done for that particular chapter.

Following this everyone was invited into the banquet room. The table was beautifully decorated with a mass arrangement of red and white roses, and held many delicacies, including sandwiches, cookies, mints, nuts, and punch.

Guests included members from Monroe, West Monroe, Sterlington, Ruston, Jonesboro, Mangham, Newellton, Winnsboro, Canton, Miss. and San Antonio, Tex.

Presiding at the guest book was Miss Sadie Nolan, who registered approximately 100 guests.

YOUR PROBLEMS

If Child Throws Tantrum Make Sure He Catches It

By ANN LANDERS

Dear Ann Landers: Last week my dauhgter-in-law brought her four-year-old boy to my house. The child isn't afraid of the devil himself and I'm wondering where it will all end.

After lunch my daughter-in-law suggested Billy take a nap. I prepared a bed over his loud protests. When his mother insisted he take a nap he threw an ashtray at her and shouted "I hate you. You are a mean Mommy."

She ignored the remark and said calmly, "All right, Dear, no nap. Here are some magazines to read." Then to my utter astonishment she turned to me and said "It's emotionally healthy for children to express themselves. How wonderful that Billy feels free to say whatever is on his little mind."

Am I a nit-wit or is THIS the proper way to bring up children today? — MINNIE

Dear Minnie: It may be "emotionally healthy" for children to "express themselves", but a parent is entitled to a little emotional health and some self-expression, too.

Total permissiveness (letting a child do and say whatever is on "his little mind") has been largely discarded in favor of a firm hand at the seat of the problem.

Youngsters should not be criticized and chewed at for minor things. But a child must be taught early just how far he can go. When a youngster throws a tantrum, make sure he catches it.

Dear Ann: I'm 16 and in love with a boy 19. I know it's love because I've dated loads of fellows since I was 13 and I never felt like this before in my whole life. We plan to be married in about a year when Don has enough money saved to buy a car.

The trouble is he treats me swell when we're alone, but when anyone else is around he acts terrible and insults me. When he behaves like this I think of him as a dumb jerk. Maybe the fault is mine because I don't understand him. What's wrong? — ROZ

Let's make it TWO dumb jerks. Of course you've never felt this way before. You've never been 16 before. And the fact that you're building marriage around a car is a pretty good indication of how immature you both are.

He insults you to show the grandstand you haven't got him hooked. This isn't love. Wake up and smell the karmelcorn.

If alcohol is robbing you or someone you love of health and dignity, send for ANN LANDERS' new booklet, "Help For The Alcoholic," enclosing with your request 20 cents in coin and a large, self-addressed, stamped envelope.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

Head-Young Marriage Held Friday, May 1

A double - ring ceremony was held in the Southside Methodist Church in Monroe Friday, May 1, 1959 at 7:00 p.m., uniting Mrs. Betty Speer Head, daughter of Mr. and Mrs. A. J. Speer, to Mr. Aubrey W. Young, son of Mr. and Mrs. W. E. Young.

The Reverend Lea Joyner performed the ceremony, assisted by the Reverend Ralph Cain, in a setting of white stock and fern. Mrs. Polly Chapman at the organ played appropriate music, closing with the "Lord's Prayer." The bride's attendant was Mrs. Anne Elizabeth Owens, sister of the groom, and the groom's attendant was Mr. William L. Husted, Jr. The bride was given in marriage by her father. Ushers at the ceremony were Jimmy and Tommy Head, sons of the bride. Mrs. Bob Semmes, Jr. presided at the guest book.

Following the wedding ceremony, a reception was held at the home of the bride's parents at 1412 Spencer Avenue, Monroe. The table was covered with a lovely white Quaker lace cloth, and a three - tiered wedding cake prepared by the groom's aunt, Mrs. Percy Wallace, was decorated with pink roses and held the traditional wedding bells. A lovely centerpiece of pink roses and fern was used, and the remainder of the home was decorated with spring flower arrangements. Mrs. Jack Dyer served the pink punch from a lovely early American punch bowl, and Mrs. John Little and Mrs. Clyde Stringer served the wedding cake.

Following the reception, the bride and groom left for a weekend visit to New Orleans.

Out of town guests included Mr. and Mrs. R. C. Speer and David, of Council Grove, Kansas, brother of the bride, Mr. and Mrs. Bill Owens and children, of Shreveport, sister of the groom, and Mrs. Glenn Darnell, of Dallas, Texas, a life - long friend of the bride.

The couple will make their home at 3901 Spurgeon Drive in Monroe.

YOUR BABY AND MINE

Child Can Concentrate On Music-But That's All

By MYRTLE MEYER ELDRED

The child who persistently fails in school should be tested to determine the level of his intelligence so that the parents may be sure that he is not being asked to do work which is beyond his capacity.

Mrs. M. M. writes, "Dear Mrs. Eldred: My daughter is six years old and unlike a mother who wrote you recently, she brings home failures in reading, writing, arithmetic and conduct.

"She attends a parochial school where there are 53 pupils in her grade. The Sister tells me she will not pass and has power to concentrate only for five minutes while children of this age should be able to concentrate for 20 minutes.

"However, she can concentrate on music, any kind, for hours at a time. She knows the words and carries the tune of the most difficult music and recognizes the voices and the songs of any male or female singer.

WORLD OF PLAY

"But she lacks all interest in school work and thinks the whole world was made for play. She had two years of nursery school and one year of kindergarten prior to going to elementary school.

"I could never read to her as she could not sit still longer than two or three minutes. If I refuse her permission to listen to music, she performs herself and enjoys it immensely. She does not get along well with children as she wants to rough house them. Do you think an aptitude test would be appropriate and where would I get it?"

Most public school systems have facilities for giving aptitude tests and you should ask the Sister about your school system. You do know that her aptitude is for music.

I. Q. TEST

But I would consider an I.Q. test more to the point. A psychologist connected with any college or university or with a Child Guidance Clinic could give that. It would be fairer to the child to make sure that she is capable of doing the work instead of blaming her for lack of concentration.

To a reader: Your child seems to have a low degree of tolerance for infection. A physical examination might uncover the cause of this. Trench mouth is caught, usually, by contact with a cup used by a victim.

Impetigo is passed on by any object which comes in bodily contact with the person who has it. Colds are caught from other persons who have colds. Warn your child to be more careful about using cups, towels, etc., used by other children.

If you would like to have our 10-cent booklet "Neighborhood Problems" send 10 cents and a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Pilot Club Holds Monthly Meeting May 5th

The Pilot Club of Monroe met on Tuesday, at a local restaurant for the monthly business meeting.

The dinner table was attractively decorated with a centerpiece of roses and snapdragons flanked by pilot wheels attached to green and gold ribbons. Miniature gilded boats were spaced the length of the table. The centerpiece was arranged by Mrs. Zola Smith.

The business session was called to order by Mrs. Leta Tisdale, president. Minutes of the previous meeting were read by Mrs. Hazel Garlington. Mrs. Melba Oliver gave the treasurer's report. Committee chairmen presented the annual budget and committee planning of work for the fiscal year 1959-60.

The club unanimously voted to send five children to the Salvation Army Summer Camp at Covington, Louisiana.

Brief mention was made of the convention held in Alexandria, Louisiana on April 24, 25 and 26. Due to the lateness of the hour, it was decided to postpone the reports of delegates and members attending until a later meeting when a more complete and detailed account can be given of the convention.

Members present were Miss Helen Benoit, Miss Ida Rose Strohm, Mrs. Leta Tisdale, Mrs. Hazel Garlington, Mrs. Zola Chatham, Mrs. Melba Oliver, Mrs. Cecile Parker, Mrs. Alyne Newsom, Mrs. Ellen Thompson, Mrs. Lois Mockabee, Mrs. Anna Mae Breece, Mrs. Julia Moore, Mrs. Mary Harker, Mrs. Hattie Strauss, Mrs. Lucille Coates, Mrs. Zola Smith, Mrs. Zera Edwards, Mrs. Lillie Mae Carroll, Mrs. Lucille Barrett and Mrs. Fleta Latham.

For an after-school treat, serve apricot milk shakes with homemade raisin cookies. Whipping up the shakes is easy when you use apricot whole fruit nectar. Simply combine 1 (12 ounce) can apricot whole fruit nectar with 1 pint vanilla ice cream. Mix in an electric blender until smooth, thick and foamy. This delicious golden drink looks especially appetizing with a sprinkling of grated nutmeg.

Noted Pianist To Perform In Recital At Tech

RUSTON (Special) — The Louisiana Tech Music Department will present Duchein Cazedessus, pianist, in a faculty recital here Friday at 8 p. m. in the Little Theater on Tech campus. This recital will constitute one in a series by Cazedessus since he joined the college faculty in 1949.

A native of Baton Rouge, he is a graduate of the L. S. U. School of Music. He served for three and a half years in the U. S. Navy and later was enrolled in the Manhatten School of Music in New York City, where he remained as a student for two years under Harold Bauer, world famous pianist and pedagogue, under whom he received his Master's Degree.

Cazedusses is noted for his work with the piano teachers through the Louisiana Music Teachers Association, of which he was chairman of the piano division.

Friday evening's program will include Bach's fifth "French Suite," Cesar Franck's "Prelude, Chorale and Fugue," "Sandades do Brazil," by Darius Milhaud, and Khachaturian's Toccata.

There will be no admission charge, and the public is cordially invited to attend this recital, according to members of the college music department.

COTTON

NEW YORK COTTON

NEW YORK (AP) — Cotton futures closed unchanged to 65 cents a bale higher today.

The market started irregular and then firmed on buying by trade and commission houses which broadened toward the close. The upturn in distant March, May and July established seasonal highs.

Spot house buying in new crop months again was the feature and associated with mill sales of cotton textiles for delivery in the second half of the year. Cloth sales held well above the pace of a year ago.

Mills are buying raw cotton more extensively, dealers commented. A good volume of trade selling came out on the advance which was attributed to hedging.

There were two May delivery notices issued at New York and they were reported promptly stopped by a leading spot firm.

The weather in the cotton belt was generally favorable but crop news appeared overshadowed for the moment by spot developments.

Trade and commission house buying broadened in late dealings with cotton futures moving into high ground for the day.

Futures closed unchanged to 65 cents a bale higher than the previous close.

BUSINESS HIGHLIGHTS

CONSTRUCTION

Heavy construction awards totaled $403,300,000 in the week ended May 5 with highway and housing contracts comprising nearly half of total new business, Engineering News-Record said. The latest figure lifted awards for the year-to-date to $6,907,800,000 or 10 per cent ahead of the same period last year.

STEEL

Preliminary steel contract talks ended with both sides as far apart as at the start. Actual give and take negotiations between four-man teams will begin Monday. The National Labor Relations Board rejected a steel workers' union demand that it investigate an alleged conspiracy by steel companies to violate the Taft-Hartley Act.

COTTON

The agriculture department fixed the size of the 1958 cotton crop at 11,512,000 bales. The value of the crop, based on the season average price to May 1 of 33.1 cents a pound, is about $1,907,000,000. This is 17 per cent larger than the value of the 1957 crop.

WARD'S

The auto industry, with 26 per cent of its assembly plants on an overtime basis, turned out more cars this week than in any other week this year, according to Ward's Automotive Reports. The statistical agency said output for the week totaled 163,766, surpassing the previous record for the year, set in the week ended April 18, by 1,396 units.

LEAD-ZINC

American Metal Climax announced it is trimming its Mexican lead and zinc production as part of efforts to bring supply and demand into balance. The company said its Mexican lead and zinc production will be reduced by an annual rate of 6,500 short tons of lead and 2,000 tons of zinc.

STOCKS

Highest grade industrial shares recorded net gains ranging to more than 5 points in Du Pont to restore nearly all of Thursday's wide decline. Other key issues to move up 2 or 3 points included American Telephone, Goodyear, International Paper and Chrysler.

ANTI-PIRATE VESSELS

LONDON (UPI)—Police said Thursday they plan to put a patrol rowboat on Hyde Park's peaceful Serpentine Pond to thwart teen-age pirates. They said there have been several incidents recently when teen-age boys in one of the hired skiffs have rammed other boats and snatched ladies' handbags.

Stocks Rally To Wipe Out Some Losses

NEW YORK (AP) -- The stock market rebounded briskly Friday, recovering more than half of the losses taken in Thursday's decline, the steepest since last November.

A feature of the advance was the strong action of higher quality stocks, especially among motors, chemicals, utilities and rails.

Space age stocks, which were hit so hard in Thursday's profit taking, came back well, too, but they by no means stole the spotlight as they have in some of their recent advances when blue chips lagged.

Wall Street analysts looked favorable on the action of the better seasoned issues. They saw the recovery as technical to a great extent, based on charts and trend lines indicating the course of the current bull market. It boiled down to the fact that many issues became more attractive buys at the reduced prices.

Based on the rise in The Associated Press average, the quoted value of stocks listed on the New York Stock Exchange recouped an estimated $1,900,000,000 of their estimated $3,700,000,000 loss Thursday.

Key stocks which compose the averages rose from fractions to about 2 points. Selected issues ran up gains stretching to about 7 points.

Volume slacked to 3,930,000 shares compared with 4,530,000 Thursday.

The AP 60-stock average rose $1.50 to $225.50, equalling the gain of last April 17. The industrials rose $2.40, the rails 50 cents and the utilities 50 cents.

The Dow Jones industrial averages rose 5.72 to 621.36.

Of 1,232 issues traded, 752 rose and 264 fell. There were 37 new highs for the year and 28 new lows.

All of the 15 most active stocks advanced.

Corporate bonds declined in moderately active trading.

U.S. government bonds were lower in light dealings.

Bond sales totaled $7,090,000 par value.

Faster Type Rotary Drill Is Announced

TULSA (Special) — Successful commercial application of a new air or gas rotary percussion drilling tool that achieves both faster penetration rates and longer bit life than conventional oil and and gas drilling methods was anounced by Pan American Petroleum Corporation.

Earlier efforts to combine percussion with rotary drilling have not been entirely successful because the bits and percussion tools have lacked the durability required for oil well drilling.

A commercial production model of the new tool, developed at Pan Am's Tulsa research center, has been used in two wells in the Elk Basin field of Wyoming, with penetration rates ranging from two to five times the rates established by conventional rotary air drilling, and with up to four times longer bit life.

Test models built at the center have performed sucessfully in seven other wells, in Wyoming, Canada, New Mexico and Utah. The new tool can be used in any area that is suitable for air or gas drilling, the company said.

Penetration rates in excess of 100 feet per hour have been achieved where adequate weight on the bit could be used. At the same time, the conventional bits used with the percussion tool have without exception outlasted bits used in convenional drilling methods

The results are from comparative tests in which both rotary-percussion and conventional rotary systems were used alternately in the same wells.

GRAIN

CHICAGO (AP)—From its highest price of the season only five weeks ago, May wheat Friday hit a new low for a season on the Board of Trade after lopping off almost 24 cents a bushel.

However, it recovered about a cent of the day's loss after slumping to the bottom at $1.88½. Net loss for the day was 1½ cents.

Most of the activity was centered in that contract as the grain market otherwise limped along in dealings which virtually stalled for long periods until the final few minutes.

Corn and old crop soybeans were the only gainers, all by small fractions, while most other contracts held almost stationary. However, rye had setbacks running to a major fraction of a cent on late selling.

Wheat closed ⅛-1½ cents a bushel lower, May $1.89½-¾; corn ⅛-½ higher, May $1.24⅝-¾; oats ⅛-⅜ lower, May 66⅞; rye unchanged to ¾ lower, May $1.39¾; soybeans ⅜ higher to ⅛ lower, May $2.30¼-⅜.

Gross invites you . . .

To see This New Contemporary Brick Home

Topping this quality-all-the-way home is a beautiful white marble lifetime roof. And inside . . . the spacious living room has interesting rough brick fireplace (your children will really thrill at hanging their stockings here at Christmas-time!) There are 3 cozy bedrooms with double sliding door closets; and 2 full ceramic tile baths. The large kitchen will be the setting of many hours spent visiting with your friends over coffee. The carport can double as a rainy day play area — and the storage has plenty of room for "his" lawn equipment and even the children's bikes. Flowering shrubs are already planted. You're on an extra deep lot that has space for a garden spot and plenty of play area for your young ones. And an added dividend — it's the one you've been wanting (just a hop, skip, and jump to Highland School) — Glad to show you some of your future companions in this lovely neighborhood. $540 including closing and $85 per month is all that's needed to move you in immediately! 211 Carter, W.M.

Gross offers you . . .

The largest selection of newly completed and immediately available brick homes in the Twin Cities with the best terms available! Quality and workmanship used throughout. If you'd rather not live here 'til school is out, you may arrange to move—We'll hold 'til school is over.

Gross can give you . . .

Immediate possession on this very neat white asbestos siding home for only $490 down (no closing) and assume $63 monthly payments. On beautiful corner lot, 100 ft. on Arkansas Road and 150 ft. on North 11th St. W.M. Yard planted in St. Augustine with pear, apple, and several catalpa trees, rose bushes, fenced garden spot, and more. The home has 2 bedrooms, large living room, large kitchen and dining area combination. Double detached garage with outside storage.

Escapee Says Chinese Reds Massacre 22

MACAO (UPI)—A farmer who escaped from Communist China Monday said Friday the Reds mowed down 22 other Chinese trying to flee to this Portuguese possession the same night.

The farmer, who insisted that his name be withheld, escaped to the Portuguese-held island of Coloane, a few miles southeast of Macao. He said he witnessed the machine-gunning from a sampan that escaped Red notice in the dusk.

The shooting occurred at 7 p.m. Monday, the farmer said, when three sampans carrying 22 persons, including seven women and three children, from Sunwui City tried to slip past Chinese gunboats at the approaches of Macao.

Two gunboats sighted the sampans when the small craft were almost to Macao and opened fire, killing two men and two children in the lead sampan. The other sampans tried to escape, but machine gun bursts stopped them, the farmer said.

By this time, there were only three persons still alive in one sampan and two in one of the others. The Communists signalled them to come alongside the gunboats.

As soon as the sampans approached, the farmer said, the Reds opened fire and the last of the 22 refugees toppled into the water.

The reported massacre was one of the bloodiest yet, involving Chinese trying to escape to the Portuguese enclave of Macao. Several thousand fishermen have fled from Communist China because of high taxes on their catches. Most have taken refuge in Macao.

Parker's Sister Denies Mother Received Threat

BOGALUSA, La. (AP) — The 19-year-old sister of Negro lynch victim Mack Charles Parker denied her mother left Mississippi because she had been threatened.

"Mama's life has never been threatened," Dolored Parker told an Associated Press newsman. She said her mother went to California to live with a sister in Merced.

"The only reason she didn't go to that meeting in Jackson to raise money for her was because she was sick. She's still sick. She was sick when she left Bogalusa."

The tall, slim girl said she had no reason to be frightened when asked about living in Bogalusa.

"I am staying here because my closest relatives live here," she said.

She said neither she nor her mother had received any kind of help from the National Assn. for the Advancement of Colored People.

Meanwhile, FBI agents remained tight-lipped and told newsmen there was nothing new to report on the case, started when Parker was dragged from a jail cell in Poplarville, Miss., April 25. His body was found floating in the Pearl River near Monday.

AT GENEVA CONFERENCE

Stage Is Set For Ministers' Parley

GENEVA (UPI)—Diplomats began streaming into this "city of peace" Friday night for an East-West foreign ministers' conference on the cold war which was expected to open the way to a summit meeting.

The lines already were drawn for the conference opening Monday when Secretary of State Christian A. Herter pits himself for the first time against Russia's Foreign Minister Andrei A. Gromyko.

Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville will reject Russia's demand that the Allies quit West Berlin and instead will present a "peace package" to Gromyko.

This package, ironed out at a Paris meeting earlier this month, offers a new four-power arrangement on Berlin, German reunification on easier terms and a European security proposal. Russia has served notice it will reject the plan.

Russia will come to the conference determined to drive the Allies out of Berlin — but also apparently determined not to upset the applecart so as to guarantee the summit meeting which Nikita S. Khrushchev badly wants.

Herter set the tone for the West in a televised address Thursday night calling for a "fair but firm" bargaining position. His address won warm approval in all western capitals.

Herter, who has held conferences with President Eisenhower and John Foster Dulles, his predecessor as secretary of state, was to stop over at Bonn Saturday en route to the Swiss conference city. He will confer briefly with West German Chancellor Konrad Adenauer and then go on to Geneva.

Lloyd, arriving Sunday and Couve de Murville, flying in Saturday, were to hold preliminary meetings with Herter to prepare for their meeting with Gromyko.

Other delegation members were arriving Friday night along with the more than 1,200 newsmen who will cover the conference. U. N. Secretary - General Dag Hammarskjold arrived Friday as an observer.

The foreign ministers of East and West Germany were due Sunday, to sit as interested parties to the meetings.

The Russians failed to say when they would arrive but announced that Gromyko would be assisted at the conference by Deputy Foreign Minister Valerian Zorniz, and the ambassador to Britain, Jacob Malik.

Communist diplomats in Moscow Friday were reversing their arguments to say that West Germany, rather than the U.S., Britain or Paris was the big obstacle to East-West agreement.

"It's a case of the tail wagging the dog," one Communist ambassador in Moscow said.

Governor Issues Invitation For Civil War Event

RICHMOND, Va. (AP)—Gov. J. Lindsay Almond Jr. has issued a call for a third battle of Manassas. But this battle, to be fought July 21, 1961, will not include live ammunition.

The Virginia governor Thursday sent invitations to governors of 22 states to send authentically uniformed troops to participate in the opening major event of the Civil War centennial. Each state invited had troops in the battle of first Manassas in 1861.

The re-enactment is a joint effort of the Virginia Civil War Commission, a Manassas committee, the National Civil War Centennial Commission and the National Park Service.

The invitations went to the governors of Alabama, Arkansas, Connecticut, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, Minnesota, New Hampshire, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont and Wisconsin.

V-E Day Given Scant Attention In Europe Cities

LONDON (AP)—The 14th anniversary Friday of V-E Day got scant attention in Europe.

Only in Paris, which went delirious with delight when Germany surrendered, were flags displayed.

The U. S. Army in Germany did not celebrate in any way, and there were no observances in Scandinavian lands, Britain or the Low Countries.

Adult Negro Classes Will Be Dropped

BOSSIER CITY, La. (AP)—The Bossier Parish School Board acted Friday to eliminate Negro adult education classes in Bossier City after an unannounced visit of board members to the class rooms Thursday night uncovered play sessions going on.

School board member C. L. Madden Jr. said when they walked into Butler Elementary School they found students smoking, leaning out of windows and talking to girl friends waiting outside in automobiles.

In one class a domino game was going on and nowhere were textbooks visible nor any indication that classes were in progress.

Madden visited the Negro school with Board Chairman J. D. Waggoner and member Pat Rowe. Madden said the school principal reported that there also had been wine, beer and whisky drinking.

After the visit, the board voted to notify authorities of their decision to terminate the program in two weeks.

There are 89 Negro war veterans enrolled in the adult education program at Bossier City. Classes are held five days a week from 5:30 to 10:30 p.m.

In support of the program the Veterans Administration pays each student $110 a month and the student turns over $30 to the school board.

Madden described the program at Butler School as a farce.

SPUTNIK TV

MOSCOW (UPI)—Soviet scientists are working on a plan for using Sputniks as relay stations for television, the Soviet news Agency Tass reported Thursday.

Tass quoted Deputy Communications Minister Alexander Kakunin, who said in an article in the Literaturnaya Gazeta that the artificial satellites would be equipped with receiving and transmitting stations and durable power sources. The Sputniks would have to be in orbit about 30,000 miles from earth to relay TV programs to the Soviet Union, he said.
